60th Anniversary

Aggie Pride Compact

The essence of Aggie Pride is manifested in standards depicting what it truly means to be a responsible member of The North Carolina Agricultural and Technical State University Family. These standards provide the impetus and inspiration, which motivate students, faculty, staff, administrators, and trustees alike in their perpetual commitment to excellence. North Carolina Agricultural and Technical State University has a unique legacy of nurturing individual students to realize their fullest potential.

North Carolina Agricultural and Technical State University is a learner-centered community that develops and preserves intellectual capital through interdisciplinary learning, discovery, engagement, and operational excellence. As members of the university community, all stakeholders share a pervasive sense of trust, pride, and allegiance in ensuring the preeminent status of North Carolina Agricultural and Technical State University in a global society. The following standards define the essence of Aggie Pride:

Achieving

Great

Goals

In

Everything

Producing

Renowned

Individuals

Dedicated to

Excellence

Aggie Pride is consistently communicating and behaving in a manner that displays integrity, honesty, sound character, and virtuous ethics.

Values

Aggie Pride is expecting and achieving success and setting high standards in all personal and professional ventures.

Achievement

Aggie Pride is taking a personal stand to positively affect the continuous growth, development and enhancement of the University at large.

Commitment

Aggie Pride is accepting and demonstrating a steadfast commitment to learning by taking responsibility through personal and professional development.

Self-determination

Aggie Pride is striving to significantly influence the development of individuals of all ages within and beyond our community to become lifelong learners.

Lifelong Learning

Aggie Pride is exhibiting a positive and willing attitude to unselfishly serve and to pledge ones talents and gifts for the betterment of North Carolina Agricultural and Technical State University and the larger world community.

Service

Aggie Pride is contributing to the establishment and maintenance of a safe, clean, and aesthetically appealing campus with a favorable ecosystem.

Building Community

Aggie Pride is exhibiting a relentless desire and commitment to treat all individuals with a high level of appreciation and respect and to expect the same in return.

Respect

Aggie Pride is effectively representing the University by utilizing personal knowledge, skills, and resources.

Confidence

Aggie Pride builds on the past, maintains the present, and accepts the challenges of the future while providing our personal financial resources to preserve our legacy and ensure our future.

Legacy

Therefore, as a member of the North Carolina Agricultural and Technical State University family, I unconditionally accept the obligation entrusted to me to live my life according to the standards set forth in this Compact. By my words and actions, I commit to Aggie Pride and the pursuit of excellence for myself and for my university.

Alma Mater

*Dear A. & T., dear A. and T., a monument indeed,
Around thy base with grateful hearts behold thy students kneel,
We bless the power that gave thee birth to help us in our need,
We'll ever strive while here on earth all loyalty to yield.*

Refrain

*With joy, with joy, dear A. & T., thy students turn from thee
To spread their trophies year by year from Dare to Cherokee.*

II

*Dear A. and T., dear A. and T., the signet thou shalt be
Set by our great old commonwealth, proud boaster of the free;
She'd have the record of her worth on granite not inscribed-
Nay, let the children of her birth proclaim it by their lives.*

III

*Dear A. and T., dear A. and T., henceforth our aim shall be,
By precepts wise and deeds more sure to bless the State through thee;
The arts of industry to wield against an idle foe.
A harvest rich from ripened fields of what thy students sow.*

elcome to the 60th Edition of the Ayntee Yearbook! As you explore these pages, challenge yourself to capture the experience of Aggie Land. Our experience on this great land is like no other! We came from ground breaking protesters, MEAC Championships, to creating then losing great leaders. There is so much to say about our experience at this illustrious university, but we rather you experience it for yourself through portraits as you venture through your yearbook of 2005-2006. Each section exemplifies not just what and aggie is but what it means to be an aggie. Capture the experience through our enormous aggie pride chanted at games and other major events on campus. Capture the experience through our academia with our five accredited schools and two colleges that have produced major leaders for America!

60th ANNIVERSARY *Ayantee Yearbook*

This year's edition pinpoints 60 years of history throughout Aggie Land. This edition captures student life, the hard working faculty and staff, and displays the true meaning of "Aggie Pride." The first edition of the AYANTEE captured the fashion savvy students who set fashion trends, and the creativity and exclusivity of the campus leaders. For 60 years, Ayantee has captured some of the most crucial parts of our history, including contributions made to civil rights and the African American culture. As the production of the AYANTEE evolved, color photos of the most memorable events on campus became accessible. The university has undergone many changes, and enhancements to the campus have added to the beauty of A&T. Historical residence halls that have stood tall during some of the most tragic times have been knocked down, and beautiful statues with significant meaning to the institution have been constructed. Leadership among the student body did not disappear since the civil rights times; in fact, student organizations have developed into groups that have produced some of the campus' brightest leaders. And although the students are a very big part of the university, it is the dedication and guidance from the faculty and staff that has made many of these changes possible. Through incredibly generous contributions made from such prestigious alumni and the community, the institution will continue to achieve the goals desired. A&T has proven itself to be a HBCU that only gets better throughout the years and receives tremendous support from all over. As the number of the student body gets larger and larger, the future continues to look brighter and very promising. There is still plenty of room for more leaders, and still more changes to make. As one class graduates and journeys into the next phase of their lives and a new class begins theirs, AYANTEE will continue to make it possible to pass their memories from generation to generation.

In Dedication

Chancellor James C.

'99

Renick is awarded as first
Chancellor during the week of
dedication activities.

'00

Renick invited plans that would
improve change the main and inner
appearance of N.C. A&T.

'01

Renick commissions N.C. A&T
art professor James Barnhill to
create a statue commemorating
the A&T Four.

'02

Renick is selected by U.S.
President George W. Bush
to serve on the
President's Board of
Advisors on Historically
Black Colleges and
Universities.

Leadership can come in many forms. Everyone has their own idea of what leadership is and what it takes to lead. North Carolina A&T State University teaches students to do more than just excel in scholarship. Aggies are taught to be leaders, and prepare for roles in life that will impact the world to its entirety. In this institution, we are taught to understand that education is a much needed tool in order to conquer all future endeavors. Leadership on this campus is contagious, and worth catching.

Leadership cannot be mentioned without mentioning Chancellor James C. Renick. Because of Renick, this university has undergone changes that none of us ever thought we would see. Because of his leadership, our campus has become even more beautiful and it now reflects the rich history and heritage of the university. Renick took pride in this institution and proved that in more ways than one.

His work and efforts will not be overlooked or forgotten. We as students must continue to add to the beauty of this university. We must continue to work hard and appreciate our institution. Before we can be leaders, we must always look for opportunities to make much needed changes just as Renick has done. Although he will be moving on to a new part of his life, he will always be a crucial part of A&T's history.

The AYANTEE Yearbook Staff takes time each year to dedicate the yearbook to a person worth honoring. This year, Chancellor Renick was one of many distinct nominees. Therefore, we the AYANTEE hereby dedicate this 60th edition, Capture the Experience to such a dedicated Aggie, Chancellor James C. Renick. Renick thank you for everything you have done for us all and for those to come.

*The Ayantee Yearbook Staff dedicates the 2005-2006 Yearbook to
Chancellor James Carmichael Renick.*

TWO RENICK YEARS

Student Life

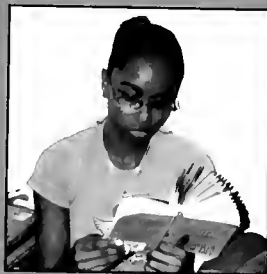

In the Dog House

Residence Life

Life on campus ... in many words some would say, "Everyone should experience campus life!!" Living on campus is the best way to network and meet new friends. But living on campus can be a positive step towards adulthood. This transition helps students to become more independent. "When you live on campus, you tend to become more informed about campus events," said Cheylaina Kenan. Whether it was getting your hair cut, asking your Resident Assistant (RA) to let you back in your room, or just getting to know your fellow roommates, living in the residence halls was the only way to go.

An aggie seeks information from a resident assistant.

This student takes the time to relax and enjoy a book after classes.

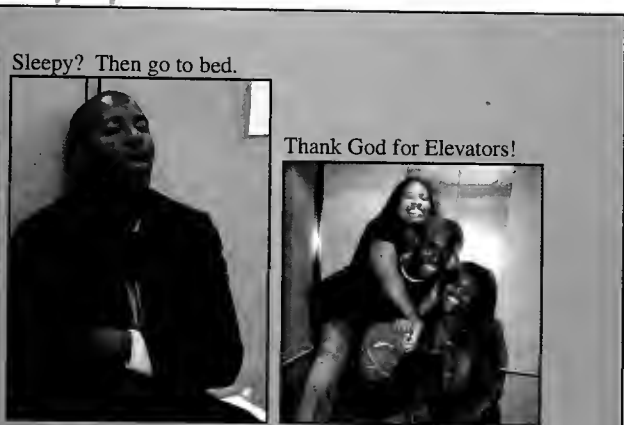

Aggie One cards are needed to enter the residence halls on campus.

Megan Kirkwood takes time out from exercising to quench her thirst.

Visiting neighbors is an easy way to make new friends.

Eight Hours Needed

Aggies know how to multi task!

It's Summer Orientation Time! First year students started this year out with a drive to pursue higher education. During orientation, new Aggies met academic advisors and prominent student leaders, such as the SGA President and the E-Board to the Student Advisory Board. Our student ambassadors serve as the tour guides to spread their knowledge of the history and everyday information to the new freshmen as they tour the campus and get a feel of what it is like to be in Aggie Land on a daily basis.

Who really ask the most questions? Parents. The parents are the one's that are really asking the questions first. As the students become more comfortable they begin to ask the current students questions. After the sessions are over, they are able to relax as if they were already students. The first year students are also able to enjoy activities such as ice cream socials and step shows, and gym jams so they can begin the feeling of a real Aggies.

First-Year Experience Tour

Intramural Sports were one of the many different organizations featured at the organizational fair.

Sophomore, Randall Ellington serves as one of the Orientation Counselors.

Completing the Puzzle

Beginning the Aggie Experience

The orientation counselors observe the performance from the sidelines.

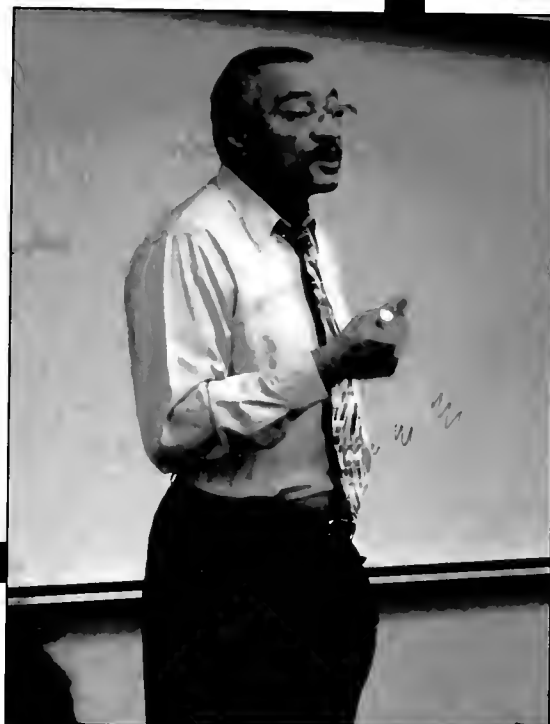

Metro Aggies are geared up and ready to recruit future Aggies.

"Be on time!"

Class

Time to get focused! At A&T there is a time for fun and socializing, but academics always come first. Teachers and students strive to get to class and make each day a new learning experience. We have all had those days where the sleep was just too good for us to get up and go to class. Although it may be difficult, we learn that it is very important to get to class on time. Aggies believe that to be early is to be ontime, but to be ontime is to be late. "Here in Aggieland we strive for excellence and we discover, explore and become."

Professor Inman Burford explains the concepts of business marketing.

Aggies are always willing to give each other a helping hand.

Students give the professor their undivided attention.

Determined to pass the next exam, several students participate in an extra study session.

"Class presentations help us develop our communication skills and allows us to learn and teach among our peers." Jarrayn Sharpe

When in need, never hesitate to visit your professor

Karen Peters and Jamison Alston prepare for their presentation

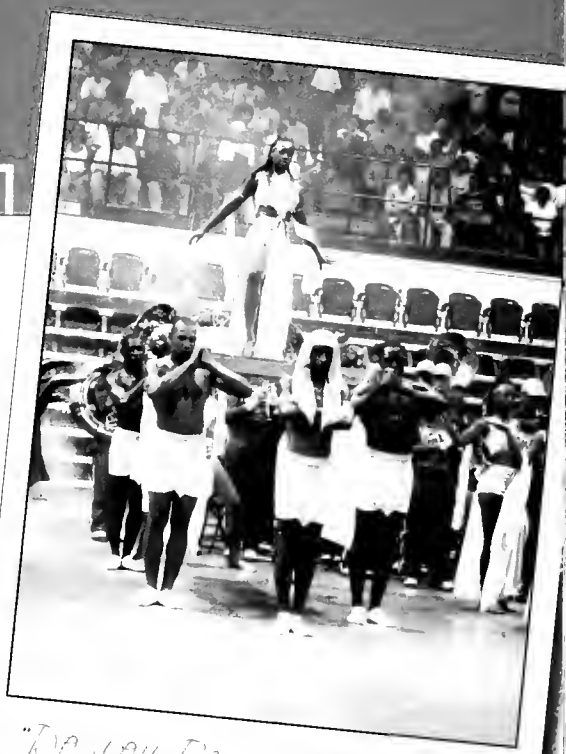

Aggie Assistance

Be Encouraged

"When the Gloves Come Off" was the theme of the battle of the bands that took place between the Norfolk State Spartan Legion and the Blue and Gold Marching Machine. The fans were having a good time and so were the bands. The crowd was amazed as the bands performed. Each band brought a theme. The Blue and Gold Marching Machine did a special feature mimicking the "Trapped in the Closer" video by R. Kelly. The Spartan Legion did a feature selection with an Egyptian theme. The excitement was a great segway into the game the following day when the football teams continued the battle.

"Do you Remember the Time"

The confident Norfolk State University flagline enters Corbett Sports Center.

The "Blue and Gold Marching Machine" plays with great intensity and concentration during their opening selection.

The trumpet players blow with all their power to show the Spartans how we do it.

Competing for a Cause

Band Brawl

These Aggies showing their Aggie pride by throwing up that A&T sign

The fierce Spartan Legion drumline.

Band Staff Robert Moore, looks on with great delight with future "Miss Aggie"

The Norfolk State drumline concentrates while they are in fierce competition with the A&T Drumline, better known as "Cold Steel." Golden Delight, stands poised and ready to dazzle the great with their every so difficult dance moves.

A Glimpse into the Future *Technology Takeover*

What would we do without our gadgets that have become part of our daily lives? These gadgets have taken over so much of our lives that we would crumble without them. It is so convenient for us to make a phone call with our bluetooth, or listen to our favorite hits and oldies on our MP3 players and Apple I-pods.

To the left, Henry Munoz is having a conversation on his bluetooth.

Courtney Johnson walks to class while making a call.

Roderick Bazemore and Casey Snipes send emails before class begins.

Jacqueline Barber is having a hard time using her jump drive, to print out her paper before class

Courtney Washington, sends a last minute email right before class begins on her laptop.

Brantley Narcisse, sends a quick message to a friend in between classes.

Keleigh Fairley, tries to get her work done while waiting for class on her notebook.

Ferrel McGilvary, keeps up with his daily schedule thanks to his palm pilot.

"I bet you can't do it like me!"

University Day was filled with lots of fun and excitement for all. Middle and High school students, as well as the families of students came out to watch and to enjoy all of the performances from Aggies.

Activities took place on and near the football field. Sororities and fraternities showed off their stepping skills, while the cheerleaders performed a routine in the Aggie Stadium. It is important to see what students do outside of the class room, but importantly prospective students were able to see academic buildings. They also were able to talk to current students to see what it is really like to be an Aggie.

Candace Johnson, Miss Sophomore & Portia Williams, Miss Freshman pose for the camera.

The Marching Band plays a major role during University Day.

High and middle school students showed lots of excitement during all performances.

Opening the Doors to the University University Day

Aggies take time out to pose for the camera after a long day of showing the campus to prospective students.

Prospective students enjoy the excitement of the day.

Current students give valuable advice to future Aggies.

High School students walk to the buses after a long day of walking and touring Aggieland.

A Palace of Combination

Student Union

Student life is what keeps any university from being dull and boring. It is important to take advantage of education, but it is also important for students to have relationships outside of the classroom. These relationships help students mold and develop into independent adults. Which is very vital during one college experience.

The Union serves its purpose in more ways than one. Students can enjoy the food, dine in or take out, and still catch a program or two. Entertainment is not a problem, since students can play a game of pool, play arcade games, or even go to the C-Store to pick up needed items. The Union definitely adds to convenience in the lives of all aggies. It is important for students to have relationships outside of the class. There Memorial Student Union is where it happens.

Between classes, students have the opportunity of picking up a snack or drink to past time.

Students choose to use their spare time hanging outside the Union.

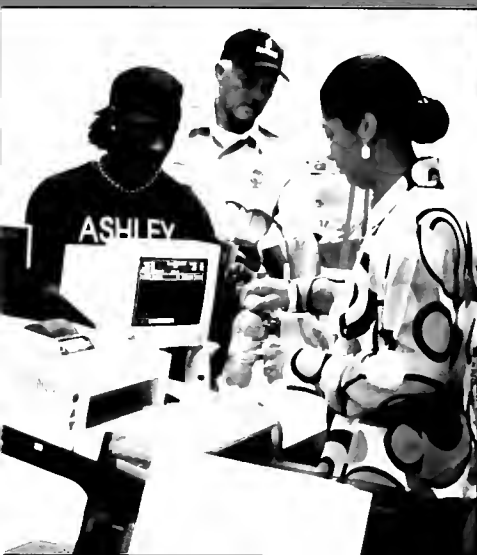

As dinner time arrives, students settle for the taste of sandwiches, fried chicken, and juice from the Sit-In.

During the students chaotic schedules, socializing in the Union is always cool

The C-Store is open for the daily convenience
of students and staffs

It's always good to be
informed about what's
going on in the news
across the world

Waiting in a line is always a
hassle when students are in a
rush for class.

Good Morning Aggies

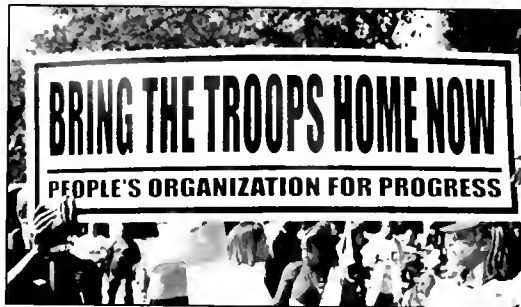

twinkle, twinkle little star

Unity still proves to be the backbone of Black America today. While the 1995 rally primarily pushed for atonement especially among black men, the theme of the Million More Movement rally was qualitatively different in its political message. More than a million men, women, and children gathered at the Nation's mall on October 15, 2005. They pledged to restore lives, rebuild communities, and repair families. "It was refreshing of course for me, because I attended the first march. But I have to say that the presence of Minister Farrakhan commanded respect and attention, silencing more than a million people," said student Anthony V. Stevens. Attendants paused to remember and salute fallen leader Rosa Parks. Minister Farrakhan stated, "A pioneer of civil passive resistance, she was a woman of great courage, conviction, and fortitude. For that we are truly in debt." The celebration concluded with services of worship throughout the city.

African-American Heritage

"We march this year, because there are two Americas, where gaps continue to exist." -Rev. Jesse Jackson, Sr

Movement participates exercising their right of free speech

"We are reaching for the ones who carry the rich on their back." - Minister Louis Farrakhan.

Million Man March

The Power of One

Fellow Aggie, Anthony V. Stevens and renowned author Dr. Cornelius West were among the millions who attended the movement

"United We Stand"

The crowd gathers around the Lincoln Memorial.

"This is the year
for us to break
down all walls.
This is our time"

Aggies share in the spirit honoring the 10th Anniversary of the Million Man March.

"Forget a snack, I'll take a meal!"

Let's Eat

Food, food and more food. At A&T Aggies eat at all times of the day whether its breakfast in the cafe, or a trip to cookout at two o'clock in the morning. Since food is so convenient on the campus gaining that freshman 15 is not a problem. Restaurants such as Pizza Hut, Krispy Kreme, Blimpies and Chick- Fil- A are a few that's located on the campus of A & T. As the day's grow longer, food tends to stay on the minds of all regardless if the students are in class. Craving snacks such as chips, cookies and little Debbie cakes are not giving a long life- span in the residential dorms.

When Aggies go to the Williams Cafeteria they are giving the opportunity to fill up their stomachs with some fast food and soul food. Verses traveling off campus to Summit Avenue, which has always been a route that many go on the regular basis. Eating is most definitely apart of everyones day if it's just a quick stop at the C-Store or a meal inside of the Sit-In.

Everyone enjoys a nice meal after an event.

Lawrence Wiggins enjoying some good ole fashion sweet tea while attending the SGA farewell.

Sunni Fleming needs a quick snack before studying.

Ms. Ashley Thweatt celebrates her birthday with S.U.A.B

You can find good fried chicken at any event here at A&T.

These students make a healthy choice, fruits and veggies.

While at the Renick Gala freshman Tur'rayn Sharpe shows off his delicious slice of vanilla cake layered with strawberry and cream cheese.

"A Latte to make one's day"

Potential candidates for Greensboro's city council visited our campus this year. Their visit was to let the students and others within the community come out and hear what they stood for and what they could offer if elected. Each candidate addressed the student body and voiced the goals and objectives for the city of Greensboro. One might ask why this was so important? In all actuality it is extremely important. Allowing students to see and hear potential city council gives us hope. It also makes us look at ourselves and see what may become someday.

Junior Lamar Jackson tells us the importance of having a voice within the community.

Power in a Voice

Supporters of Ed Whitfield were available for questions and answers.

Greensboro's district candidates listen intently to their opponents.

A potential candidate gazes into the audience for support.

Exercising Your Rights

Voting

One of the potential candidates tells the students her objectives for the city of Greensboro.

Both candidates look toward the students for their input.

One candidate writes students concerns down.

Student supporters help the candidates by answering questions and passing out information.

Ambitious Students

Study Habits

Here in Aggieland, students are very ambitious towards gaining their degrees. Whether studying in groups, between classes, or outside by the Student Union, making sure that academics come first is a must. Learning how to balance social lives and academic lives are vital. Making sure you are using good study habits will assist students when it comes to getting ahead. Procrastination can become a major if students choose not to stay on top of their game. In order for us to graduate on time and continue to be proactive we need to have good study habits.

We juggle everything including social events, school work, and employment. Even though the band is hype, and the cheerleaders are tight, we never forget the real reason for being here. We are all waiting for the day we walk into another phase of our life, ending Graduation!!!

Sophomore Brandon Vaughan studying before going to class.

Aggies always get their point across!

Group members review before big presentation.

Nursing students review health terms during their spare time

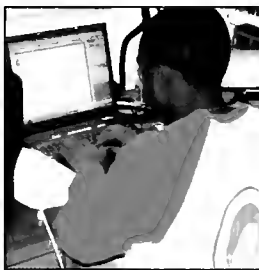

Sometimes finding a place of peace and quiet can be the method of studying for some Aggies.

Andre' Henry gets his studying done when he uses time wisely.

Elden Groover types up that last minute paper before class!

It's Crunch Time!

Two brains are better than one

Act II of Black Nativity puts all actors, singers, and dancers on stage at the same time. This performance was phenomenal.

Musicals are very popular in the Theater Department.

James Tharrington opens up in the first act of Eubie.

James Tharrington and Cameron Dashiell performs in a comedic scene in Eubie.

Where

Stars

are Born

The Theater Department brought us plays like *Shakin' the Mess Out of Misery*, *Eubie*, and the annual *Black Nativity* which brings an overflow of people of the Triad during the Christmas season. Performances were hosted at the Paul Robeson Theater. The department's Richard B. Harrison Players have been honored in the Kennedy/American College Theater Festival, winning first place twice and having numerous participants honored with opportunities for further study. Graduates go on to professional careers that include Broadway hits such as *Rent*, major films such as the *Color Purple*, and countless television programs.

Lights, camera, and action is the best way to describe how these actors and actresses feel at the very moment the spotlight is on them. From dancing to singing, these students have more than talent. They have what it takes to be a star.

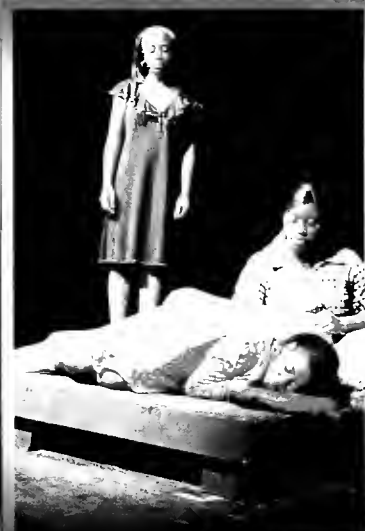

Their long hours and hard work pays off when it comes time to pull the curtains back. Their nervous state is natural, but when they step onto that stage and into the shoes of their character, the adrenaline kicks and they know that they are more than ready to perform. From the beginning of the show until the end their hearts are pounding with excitement and full of joy, as they rush to change their wardrobe and get ready for their next scene and appear on stage.

The heart of the Theater Department is a group of exceptional faculty members. People like Frankie Day, Donna Brady, Gregory Horton, Preston Lane, Miller Lucky, Jr., Henry Miller, Jeffrey Richardson, Vanita Vector, and Tina Yarborough work long hours to make sure theater students are well rounded and promote scholarship funds to ensure that their education is taken care of.

The Eubie Cast sing in unison during their opening performance.

In 'Shakin the Mess Out of Misery', Angelique Foster's character looks back into her childhood.

Kislack "Kissy" Smith and Chris Berry shows their on stage chemistry while performing in Eubie.

With dancing, singing, and script, this scene, 'We Expect You' is performed by Earlie Rook and Randi Martin in Black Nativity.

Weeks of rehearsing until opening night gives preparation for more challenging scenes with tap dancing.

In Black Nativity, Cameron Dashiell with an phenomenal voice performs 'What's in Your Name?'. Music was directed by Rev. George Pass.

In the "No Good Shepherd Boy" scene from Black Nativity, Ryan A. Goldsmith's character learned the meaning of giving his heart as a gift to Jesus.

How do you get to class?

Transportation

Here in Aggieland there are several different ways for traveling across campus. Some students may choose not to walk from the NCB building all the way to Gibbs and instead take advantage of the Aggie Shuttle system. Others choose to ride their bikes around campus. Off campus aggies who drive to class tend to have a hard time finding a parking space. This inconvenience forces them to arrive to campus a bit earlier before their classes actually start. Then there are students who just simply choose to walk to their classes. Here at Aggie Land we make sure that no matter what our means of travel may be, we make it to our class.

Many students use the old fashion way of getting to class; their own two feet.

These students take a break from walking.

Jovan Daye uses his employee driving privileges.

udent's worst nightmare... Parking and towing services are merciless when you are parked illegally.

It's a nice day to walk to class.

Ooops!

A student knows the importance of keeping his car in good condition.

A&T'S NEXT top model

By: Delta Sigma Theta

"A&T's Next Top Model Is..." This event is one of the highly anticipated programs of the school year. Anyone who loves fashion and shows it was present at this event. The contestants had to show their complex simplicity, advertise an item for a commercial, created their own attire, and had a walk-off. "The entire program was very well organized and entertaining, I loved it" said junior, Ashley Shepherd. The winners of A&T's Next Top Model 2006 were Tashyka Ledbetter and John T.

Models

Antonia Quinn rocks straight tresses during the show.

Student sports the new look, with the t-shirt and dress blazer.

VaShonda Murphy sports a mowhawk look during the competition.

John Thompson sports the bright vertical stripes for competition.

"Do you have what it takes..."

...to be on TOP?"

Tashyka Ledbetter poses for the camera during intermission.

Student keeps his composure during competition.

Dana James poses for the camera during sets, sporting a comeback trend.

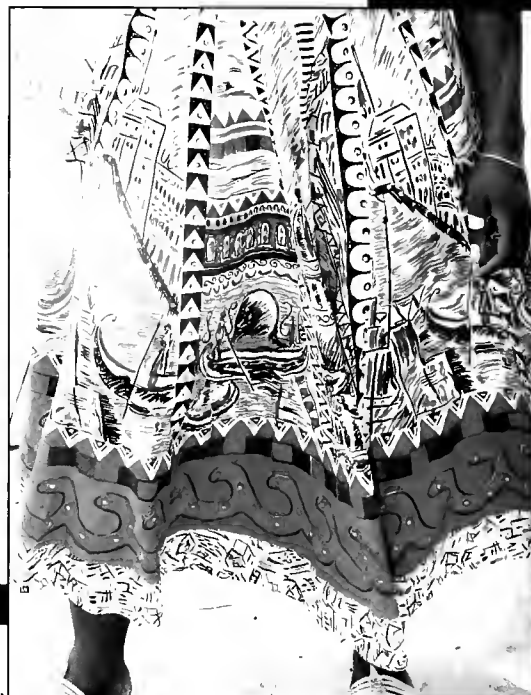

Terry Mundel gives a handsome look as he appears to be calm.

What's Hot?

New Trends

The best part about being in a college atmosphere is being able to see the unique current trends that come out during the year. Our televisions and our favorite magazines are some of the sources that we rely on to keep ourselves up to date. New styles that come on the scene are first to be seen on college campuses (aka the runway)! From everyday in class to "the cafe", we are exposed to the stylish clothes, shoes, and accessories that students show off. This year it was all about the layers and vibrant colors to the glamour chic look. "My favorite trends this year are the bermuda shorts and the wedge-heel shoes" said, Imani Taylor. Other new trends that made there way to campus were bohemian design skirts, peek-a-boo shoes, argyle sweaters, vest and leggings just to name a few. Most of our new trends that we see today were worn before some of us could walk! These styles were just recreated into a more modren look for the millinium years.

Bohemian design skirts flow throughout the spring season.

Vibrant color bermuda shorts give it a new classic twist.

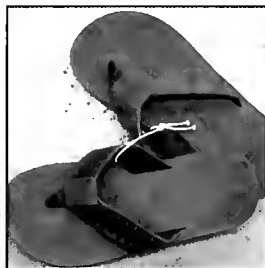

Wedge heels are great with any outfit

tips for guys are the new shorts

Classic brown flip flops are a staple in most closets.

Colorful boots makes the outfit pop!

Natural is in.

Lock it up.

AGGIES reflect and honor the life of the late Dr. Martin Luther King Jr. This year the students of North Carolina Agricultural and Technical State University celebrated the life of Dr. King with keynote speakers Michael Eric Dyson, and Angela Davis. Dyson a best-selling author, ordained Baptist minister, and humanities professor at the University of Pennsylvania. He spoke about the King experience in great details and how African American communities should have more cultural, spiritual, and personal awareness.

Students joined activist and former advocate Angela Davis, who spoke about Martin Luther King, Jr.'s life as a Civil Rights activist. She also spoke about how Dr. King would have responded to present tragedies like hurricane Katrina.

"... have a Dream!"

"Man must evolve for all human conflict a method which rejects revenge, aggression and retaliation. The foundation of such a method is love."

- Martin Luther King, Jr.

The UNC Greensboro Mass Choir sings in recognition of Dr. King

The audience joins the UNC Greensboro Mass Choir singing "Lift Every Voice."

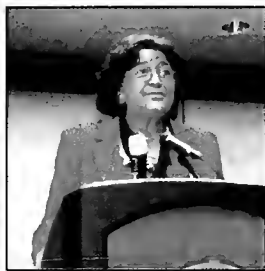

Reflection of a Legacy

Dr. Martin L. King Jr.

Keynote speaker, Michael Eric Dyson described the lifestyle and beliefs of Dr. Martin Luther King, Jr.

Dr. Roselle Wilson introduced the speaker of the hour.

Students are enlightened by the powerful words of the speaker.

The Alpha Forum celebrated and honored the life of Dr. Martin Luther King, Jr. with a candle lighting ceremony.

Former Mr. Aggie Uche Byrd, lighting one of the memorial candles.

Welcome To NCAT!

Welcome Week

When the summer of resting, working, interning, and vacationing, comes to an end, Aggies look forward to a new year at North Carolina A&T State University. Staying at home all summer long, parents always give them a perfect reason to say, "it's time to go back to A&T." Students often find themselves being so bored that they call friends just to see what exciting things are going in their lives. Usually, the same felling of boredom is expressed.

Even though there is much love for a home cooked meal, the independence gained during the school year make Aggies, thankful to be back in Aggieland. With moving in, reuniting of old friends, meeting new roommates, and dealing with housing and financial aid, Welcome Week activities are greatly anticipated to add a break into the stressful first week of class.

Crowds of people packed the streets of Greensboro when Trey Songz visited, performing his newest hits.

Students gathered among the campus of A&T, after moving back on campus or apartments for a fresh new start.

After all, the good and bad of starting a new year, these ladies sit and discuss the latest information for the upcoming year.

s. Denise Iverson-Payne, Assistant Vice Chancellor
Student Development welcome new Aggie and
rents to the campus.

During Welcome Week, the *Hood Band* performed
leaving the crowd going wild in Downtown Greensboro.

To show school spirit,
the Alpha's stepped hard
showing true Aggie Pride.

Welcome Back

With the new beginning, Residence
Hall director Clarence Page, and
other university employees prepare
themselves for the duties of the
upcoming year.

February 1, 2006

Chancellor Renick gives remarks.

Joseph A. McNeil holds in his hands a piece of history The 2005 AYANTEE.

This year marks the 46th year of the movement that not only affected Greensboro, but made a lasting imprint in America's history. The courageous efforts continue to be remembered many years later. The four freshmen, Franklin McCain, Jibreel Khazan (Ezell Blair, Jr.), Joseph McNeil and the late David Richmond continue to carry a tradition that will forever be in our hearts and minds.

Not only were these men honored, but their close friends and families were also honored for their presence. This day was filled with many events starting with a breakfast, followed by roundtable discussions and many other reflection events. This commemorative celebration continues to remind us all that we too can make a difference in the world, no matter the age.

Students bow their head as they are led in prayer by Rev. Chance D. Lynch.

Joseph Alfred McNeil makes remarks.

Franklin McCain
prepares to address
the audience.

"The legacy we leave is not
just in our possessions, but
in the quality of our lives."
-Billy Graham

Family members of David
Richmond lay wreath in
his honor.

Franklin McCain, Joseph McNeil,
Jibrell Khazan, Miss A&T Anisah
Rasheed, and Chancellor Renick
poses for a picture after breakfast.

A&T Fit Club

Working Out

Lifting weights, running, and biking is another part of *student life* at NCAT. Majority of Aggies like to keep their bodies in shape. Some may go to the gym with a friend for that extra support or by themselves. Having a new fitness center is a convenience when Moore gym gets overcrowded. Working out is definitely a way to burn-off stress from a long day of classes, working, and community service.

Since summer is right around the corner more and more people are going to the gym. All the ladies want to look toned in their bathing suits and the guys want to look good for the ladies. Whether you are going to the beach or walking around campus, being in shaped is always significant to a healthy Aggie life.

Exercising is always a great way for students to burn off some excess fat and stress.

Students get a good work out in weight lifting class.

Working up a sweat is how students burn calories on their own time.

Weight lifting class has helped the ladies tone their muscles just in time for summer.

Muscle on the job. The fitness weight room for teens acting as a helping hand.

The newest weight room equipped with many different machine keeps the most experienced lifters occupied

Lifting with a partner who helps motivate you can make the job seem easier

Girls can do it too

Just One More

The class of '09 presented to all a "Time of the Essence" Through dance, music, monologues, and skits they were able to take us back in history. Depicting a visual picture of how things were years ago. From the outfits to the way they spoke everything was just right. The class of '09 captivated the audience and made them feel like they were really there. They taught us how to dance the tango and showed us some creative stepping moves. They closed with an exciting ending that left the audience wanting more.

A powerful presence was brought to us through dance and mimicry.

Two students delivered a heart felt monologue for the audience.

Students from the audience were asked to participate in a free style dance battle.

Back Through Time

Time of the Essence

Freshman Shontae Clark showcased her talent of stepping

Master and Mistress of ceremonies Johnny Bolden and Ciera Tolliver smile for the camera

With grace and beauty!

Student delivers a wonderful dance routines reflecting the struggles of women in the 60's

The freshman put together a compilation of steps demonstrating the obstacles that stood in the way of our ancestors.

"The Champ is Here!"

Iron Mic Battle

"Iron Mic" returned to campus this year. Reigning champ Josh Gunn had several contestants coming after his title this year. After many rounds of battling Challenger London proved to be too much for Josh or any other contestant. Losing the title that he held lost for several years, the crowd still claimed Josh held it down for the people. The new champ London kept the crowd stunned with his lyrics. There was a lot of dissing going on, but it was all in clean fun. There were seven contestants trying their hardest to take the title, but all of them didn't have what it takes to get the Iron Mic.

SUAB sponsored the Iron Mic this year, and exemplified their "Aggie Pride" with their blue and gold shirts.

These judges are stunned with amazement hearing the amount of talent these contestants possess.

Mr. Aggie, Joshua Green, keeps the audience at the edge of their seats before calling the next challenger.

"Lean wit it, Rock wit it!"

Mayonnaise colored Benz. I push Miracle Whips."
Kanye West.

The Alphas come out to
support J. Gunn.

"DJ won't you play this
girl a love song?"

London, the new champion is
crowned after a hard fought battle.

The People's Champ

"Hi, How may I help you today?" is what students who obtain jobs say everyday after their classess are done for the day. As we all know college comes with expenses, and for some of us, the only way to support ourselves is making our own money. "I work to support my spending habits" said sophomore, Camille Bearden.

As a student working has its benefits, such as teaching yourself responsibility, and time management. These skills can become very useful when preparing for that up and coming internship or career right around the corner. Many students hold different types of jobs. Some students work as cashiers, sales representatives, or as administrative assistants. "Being a sales representative helped me with my public speaking, by talking with customers," said junior, Monique Gravenhise. Having a job definitely adds to the daily stress of college life, but having a job is also a great way to maintain your individual lifestyle and it refrians studetns from crying "broke" all school year.

May I take your order?

Ferrel McGilvary are one of the students who are able to do work study.

This A&T student is working hard to get this young lady to buy a razor phone.

If you need something from World Market Rith Srail can always give you hand.

Whats your job?

Work

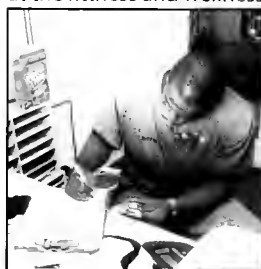

Fred Boone works hard to sell those Gucci watches.

Curtis Nash makes his money by working for Sodexo Food services.

Maurice Weaver works hard in his office at the fitness and wellness center.

Tonique Gravenhise works hard at the cosmetic counter in Dillards.

What's Your Area Code?

Battle of the Hometowns

IT'S GOING DOWN!!! Aggies from far and wide take the stage to find out who represents their hometowns the best. This event is highly anticipated by everyone on-campus as well as the students residing off campus. Students from Virginia, Georgia, the Metropolitan Area, North Carolina, California, New York, and New Jersey showcased their different styles on the platform by modeling. Ladies modeled their latest fashions of army fatigue pants, short shorts, knee-high boots, glamorous make-up and chandelier earrings while on the runway. Gentlemen imitating the latest trends of blazers, collar shirts and exotic shades, as well as the latest dance moves. Although each hometown was represented to it's highest potential, there was only room for one winner. The Georgia Aggies took home the title by dazzling the audience with their country style and flavor.

Georgia Aggies gave the audience a taste of the "Georgia Peach."

Virginia Aggies "Run It" on the streets of Virginia Beach.

CALLING ALL HOMETOWNS - NY/NJ METRO, VA AND GEORGIA!!!

NY NY Conf. "On pack" - the "On pack" haunting their
unique style of fashion

Student should be on the
cover of "GQ" magazine

The crowd cheers loud in
support of their hometown

Georgia Aggies

Metro Aggies

Because We Care Hurricane Katrina

North Carolina A&T State University faculty, staff, students, alumni and supporters were avid in lending a helping hand when last year's hurricane destroyed many cities but in particular New Orleans. AGGIES CARE is a relief fund for the Hurricane Katrina victims. More than 30 of our students and 139 alumni and their families were affected by this major disaster. AGGIES CARE focuses on three areas: students, disaster victims, and faculty, staff and alumni. Throughout the 2005-2006 school year the entire Aggie family were asked to donate supplies and many items of aid to help in any way for the victims of disasters. All supplies were shipped to Louisiana, and other hurricane affected areas.

"We will be doing all we can to help out all those in need through AGGIES CARE, our N.C. A&T Hurricane Katrina Relief Fund," said A&T Chancellor James C. Remick.

Aggies Care

Many people came out to speak on the disaster that took place in New Orleans

Dr. Judy Rashid, Dr. Roselle Wilson, and SGA President Justin Ramey show support to victims.

Encouraging words were spoken in effort to comfort students, teachers, administrators, and alumni who have loved ones suffering from Hurricane Katrina.

Mr. Clarence Page, Administrator of Housing and Residence Life helps load water on an 18-wheeler to be delivered to New Orleans

Anisah Rasheed shows her emotions for the Katrina victims

Even students gathered at Stallings Ballroom to share kind words for those affected

Justin Ramey shows a video clip expressing how bad our help is needed

Members of the A&T Gospel Choir show their sympathy by singing an encouraging song at the program.

"An Apple a Day, Keeps the Doctor Away" Health Fair

Many health conscious Aggies were pampered, tested and educated during this year's Health Conference, in the Exhibit Hall of the Memorial Student Union. It was sponsored by the Sebastian Health Center. This second semester event gave students the opportunity to receive a massage in between classes, receive blood pressure screenings and be tested for high cholesterol. Students were amazed on the level of health care that is available at North Carolina A&T.

The Triad Health Project was involved in the health fair, and had booths with information ranging from combating drug abuse to information on the proper folic acid intake. Aggies were informed of the proper diet and other healthy activities they should partake in. Not only were university students and faculty in attendance, students from the Black Shadow's Day program participated as well. Aggies can testify that real Aggies are healthy Aggies.

Student Louis Garcia is being shown the statistics of people who live healthy lives.

"Why yes, I'd like a deep tissue massage too. My classes are driving me crazy!"

Health and wellness is of the utmost importance.

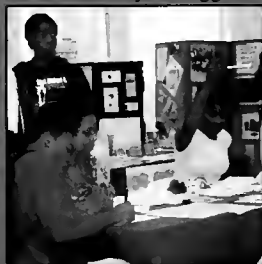

"Take a deep breath please."

Display boards with dieting and nutritional information were displayed at the Health Fair.

Information booths had handouts ready for Aggies.

...So Relaxing

You can never have too much information to give out when educating people on Drug Abuse.

Everyone knows how to show off their talents from dancing to chest paintings, showing off is easy to do. Some of us show off everyday while others wait for that special moment when the spot light is on them. All of us have talents it's just a matter of how we use them. Some peoples' bodies are double jointed and they can really show off their special skills. While others choose to do acting to express their show off ability.

Randall Ellington shows off his Alpha chest with Chancellor Renick

Marcus Zollicoffer and a fellow classmate know how to show off their theatre talents.

One of Kimmen Brown's many talents is bending over backwards.

Darren Brand can always find a way to show off his many talents.

How Did You Do That?

Show Off!

How low can you go? Lets limbo.

Anisah Rasheed shows off her talent of dancing

This fro is definitely a show off of his Aggie Pride.

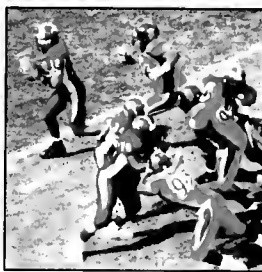

People like to show off everywhere, even in the cafeteria.

Now That's Classic

Aggie Eagle Classic

The annual Aggie-Eagle Football Classic, featuring historic rivals North Carolina A&T State University (NCA&T) and North Carolina Central University (NCCU), ranked as the largest HBCU football game in North Carolina in 2004, the 16th largest (of 48) in the country. This year the game date was Monday, Sept. 5, 2005 which is a new game date for the Aggie-Eagle Classic which generated more growth by being the only Historically Black College and University Classic in the country being played that day. Kick-off was at NC State's Carter-Finley Stadium at 1:30 p.m., stadium gates opened at noon, tailgating began at 9:00 a.m.

The Aggie-Eagle Classic is now the largest HBCU sporting event in the Triangle and in the fall for fans to enjoy. "The date change of the Aggie-Eagle Classic was an important detail for fans to know, but the more important thing was that it offered depth to an already exciting weekend. The tickets this year were all inclusive with the Soul Fest and Step Show on Saturday, and the Game on Monday. The Aggies took home the victory for the Aggie eagle Classic of 2005 with a score of 16-15, which puts the Aggies at 10-1 over the Eagles.

Never let them see you sweat!

off their Aggie Spirit

The excitement and enthusiasm never leaves the greatest
fans on earth

Laughter and enjoyment could always
be found at Aggie sporting events.

Express your right to VOTE!!!

Aggie Elections

The competition during elections this year was strong as ever. Using cups in the fence of the Aggie Stadium appeared to be a major trend for the 2006 elections. Some candidates even found campaigning during Aggie basketball games, during meal time in the Cafe, and while walking to class to be very effective. T-shirts promoting and slogans such as Courtney Walkes "Walk this way," and Darren Brand's "Vote Darren for a new Brand" all seemed to establish a sense of determination to win. At the end of the week a full student government body was elected by the student, to lead them into a promising new year.

Crystal R. Williams is elated when the final tally of votes selects her as Miss NC A&T.

Brandon Dillahunt stops a fellow Senior to encourage him to vote.

Students show support for their candidates.

Arnita Moody, candidate for SGA President is all smiles before her campaign speech.

Candidates do last minute campaigning to get some extra votes.

Wayne Holly is announced

speaks to a fellow
student, stating her
views for this year's
election.

Elections 2006

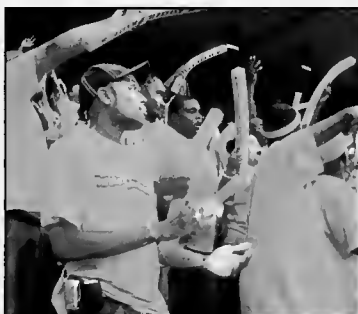

The Coca-Cola Circle City Classic enters its third decade as one of America's top football classics and favorite weekend celebrations. While the name and the quality of the game remains the same, the weekend has gained a name of its own, The American Family Insurance Classic Weekend featuring the Coca-Cola Circle City Classic.

The football game is the showcase event as it features some of the best rivalries in black college football. The weekend is a celebration of cultural excellence and educational achievement while showcasing the spirit, energy and tradition of America's historically black colleges and universities. Over 175,000 spectators visit downtown Indianapolis for this historic event.

Sack That Quarterback

The fans always go wild, when we sack the quarterback.

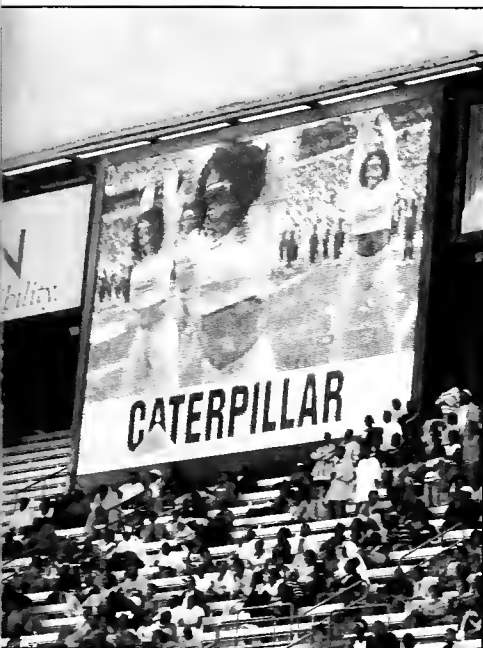

Never leave home without the blue and gold.

The band prepares to entertain the crowd.

ut 1, hut 2, hut 3, hut hut hut!

Vital Information

Forums

North Carolina A&T State University has proved to be more than just another HBCU with an incredible past, but one with a superior future. Today, the university focuses on getting students involved politically in the community and campus. Students have different opinions, and along with the faculty they have a great opportunity to make necessary changes.

With the encouragement from speakers such as Erskine Bowles and Cornel West, students get a chance to express concerns that they may have. The university proves to be a starting place for leadership among many american leaders.

Students discussed possible solutions, and issues that concerned them as a whole, such issues as out-of-state tuition, health care, a book rental proposal, and the quality of education seemed to be the most concern for students.

Leo Breckinridge is aware that learning more information is the key to success.

"To Be or Not to Be"

An Aggie Hero

Ronald E. McNair

This year marked the 20th Annual Ronald E. McNair Commemorative Celebration. Program dedicated to the late Dr. Ronald E. McNair, who was a 1971 graduate of A&T. He died on January 28, 1986 in an explosion while aboard the Space Shuttle Challenger.

Every year the A&T community comes together to celebrate this magnificent intellectual and all of his many accomplishments. His brother Carl McNair, started the days' festivities with a book signing. He is the author of "In the Spirit of Ronald E. McNair, Astronaut, An American Hero" the autobiography of the late Ronald E. McNair. Concluding all campus wide programs, the members of Omega Psi Phi, led a march across campus to place the memorial wreath at the Ronald McNair Statue.

Justin Ramey and Carl McNair delivers the memorial wreath.

The book signing attracted professors from other local universities.

Brothers from Omega Psi Phi Fraternity led the march across campus to the Ronald McNair Building.

McNair Scholars directors look forward to the celebration each year.

Amanda Bazemore gets her book signed by author Carl McNair.

Brothers Uche Byrd, Carl McNair, and Bill Johnson are delighted with all the love A&T show for Ronald McNair.

Current and Alumni scholars came out in honor of McNair.

True Brotherhood

Men of Distinction

Black Shadow's Day

AGGIE FEST 2006

Many high school students had the chance to experience first-hand, day-to-day life of an Aggie during Miss A&T's Black Shadow's Day. These potential Aggies were allowed to shadow an Aggie to their classes and listen to the lessons and lectures. Afterwards, the students were treated to a showcase of the plentiful talents that A&T is known by. The students were even treated to a lunch in Williams Cafeteria.

Miss A&T, Anisah Rasheed and her committee succeeded in welcoming the students to Aggieland. They were able to go home with knowledge of what being an Aggie is all about.

Anisah Rasheed, Miss A&T is the official conductor of the event.

Step Show champions, Phi Beta Sigma performs with much enthusiasm.

Blue Reign never fails to deliver a phenomenal performance.

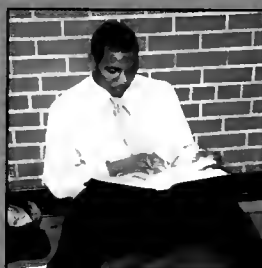

The MEAC Cheerleader Champions are always at their best with their appearance and cheers.

Couture productions dance team entertains the crowd with difficult dance routine.

Aggie work never stops. It is always best to review before a lecture even while attending the festivities.

DJ RED OCT.

Talent shows like ones held in Aggieland always leave the audience amazed and proud that they were the first ones to see future stardom. For this Aggie Fest event, A&T students were entertained by the bulk of talents that this incredible university holds. Aggie talent is not only in the classrooms, but if you dig deep, you will meet some of the finest students who show awesome charisma and love for the arts.

Featured in this year's talent show were poets, dancers, musicians, rappers and singers competing for the title of best talent at A&T. Aggies performed their hearts out. With all this talent, there could only be one champion. Judging a contest for Aggies is difficult because all competitors have strong talents. When all was said and done, the title of best talent at A&T went to the rapping group *Cuttin' Up*, representing Charlotte, NC. They rapped to the letters of "N-C-A&T-S-U." Their creative energy won the Aggies over and they were crowned.

Performances from the Community groups serves as a special treat for the show.

These men are representing Charlotte to the fullest!

The judges carefully analyze and critique each talents as they look for the best that A&T has to offer.

If All Else Fails

AGGIE FEST 2006

No "boos" at A&T. Aggies always compliment and encourage one another. Their crunkness go hand and hand.

Danielle Koon reciting her "spoken word."

Aggies playing instruments most definitely have soul!

Aggie Reign is always ready to show off their dancing talent.

During Aggie Test week on Tuesday, booths were set up in Stallings Ballroom of the Student Union for the Aggie Expo. The Aggie Expo allowed students of North Carolina A&T and others to come out and gain exposure for their business or organization. There was a rhythmic vibe throughout the expo, pumped up by the D.J.

The Commision, an entertainment group advertised the step show and after party. Chris Anthony, a freshman and member of *The Commision* states the main quote of the group, "It's more than just a party, it's more than just an event, it's life."

As part of Constance Currie major requirments, she must design clothing. Her clothing label "Sunshine Clothing." When asked, how has this Aggie Expo helped her with exposure of her designs she quotes, "It's helped me to get my business out there to others who do not already know about it." Overall the Expo has given Aggies' a chance to advertise their businesses and show off the skills that they obtain.

Constance Currie's helpers, Ashley Threat and Joey McDonald are very dedicated members of the SUAB.

Aggies are always eager to learn about each others craftsmanship

Students take the time out to browse around to every display table. Making sure they did not miss buying any good items.

"The Future is Here"

Aggie Expo

Karissa Garmon, a senior speech pathology major who has a great interest in arts and crafts started her business "Concepts Incorporated" a year ago where she specializes in Greek art

Constance Currie, a senior fashion merchandise major displayed clothing she designed for the recent "Rip the Runway" fashion show hosted by the Campus Life Mentors.

Constance Currie's Sunshine Clothing line appears to be a big hit to A&T students.

Greek paraphenalia was a top selling item among the fraternities and sororities created by Jennifer.

Aggie Olympic Day was a great addition to Aggie Fest Week. Students were able to come out with their friends and participate in a wide ranged of games and events. Students had the please in trying to dunked student leaders at the dunking booth station. The campus wide dodge ball game appeared to be number one events that everyone wanted to take part in. Aggie Olympic Day is well anticipated for next says, student Amber James.

Please Don't!!!

Ebony Ramsey worked the dunking booth, that attracted a huge number of students trying to dunk Miss A&T.

Aggie males getting ready for the track & Field events. I wonder who is going to win?

Calling all participants for the next event

Aggie Olympics

AGGIE FEST 2006

She can still huller hoop like she did as a young girl.

You guys are out of here!

This most attracted event was the campus wide dodge ball game.

These ladies are making sure everyone follows the rules.

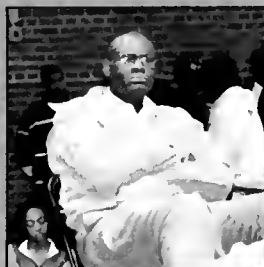

What does it mean to be....

Young, Gifted, & Black?

Expressing your emotions through what you know and love to do, defined this evening of talent. The annual "Young, Gifted, and Black" program showcased talents from every walk of life. Junior - Arneeta Moody stated, "I believe the definition of being Young, Gifted, and Black is being a role model and giving back to the community by sharing your gift. Then you will always stay true to your heritage."

The lovely ladies of Blue Reign dance so gracefully it had the audience in amazement.

Leonard Jones, Director of Housing and Resident Life, comes out to give support to all student performance.

Couture recreates the aggie version of "In Living Color."

Couture Productions performed a crowd pleasing dance segment, during intermission that had every u on their feet.

Golden Delight shows the crowd their moves.

Verge displays a variety of talent while incorporating african dance with modeling.

Aggies Experiencing "The Gift"

High school step teams came out to show their talent.

Mark Atkins enjoys the art work and food.

SGA Farewell

AGGIE FEST 2006

For many years, the Student Government Association has proven itself to be a vital part of the student body. The SGA provides more than just student representation, it gives fellow peers a chance to speak up on their needs and concerns for the university. Through a series of planned events and leadership, SGA addresses concerns of the campus and the surrounding community. It is not easy to take on the role of governing such a large and demanding student body. To be a member of the SGA, one must be able to do so and be a student at the same time. But the thought does not scare off true leaders; the challenge only seems to attract them.

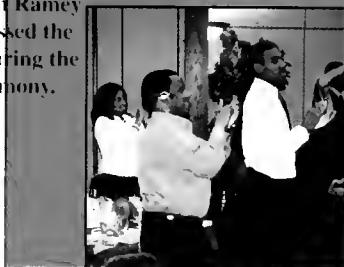

The 2005-2006 administration was led by President Justin Ramey. The Ramey Administration worked hard to address the concerns of peers and taking care of issues of the university. For a year of dedication and accomplishments, the Ramey Administration will be remembered for their hard work. So Aggies everywhere say "farewell" Ramey Administration and "welcome" Moody Administration.

Anisah Rasheed passes the royal sash to Crystal Williams.

President Justin Ramey tearfully addressed the dinner guest during the "farewell" ceremony.

Senators celebrates the changing of the guard

The 2006-2007 SGA E-Board is finally ready to take A&T to new heights.

Dr. Roselle Wilson, Vice Chancellor for Student Affairs, Megan Brooks, Vice President for External Affairs and H. Elliot Ross, Chief of Staff expresses their appreciation.

Anisah Rasheed, Miss A&T & Dr. Judy Rashid, Dean of Students reflects on the special gift from the E-board

Jessica Robinson, SGA Secretary, is the comic relief.

"Dinner is served."

Attorney General, Dominique Tillman reminisces on his term during the Justin Ramey Administration.

"Changing Of The Guard"

Residence Hall Step Off

AGGIE FEST 2006

This year's Residence Hall Step Off was one of a kind. With themes of reality TV shows like *The 70's House* to *Flavor of Love*. Every team showcased the creativity and overall skill of Aggies in stepping and dancing. The unique thing about this event was that no one from any greek organization could help with any of the dorm step teams.

A first place trophy was awarded to the Aggie Village, who's *The 70's House* theme, timing and overall skill stood out to not only the judges, but the Aggie Fans as well. Second Place was awarded to Barbie Hall, who's show came with energy and life. Lastly, Cooper Hall was awarded third place with its jail theme and crispness. All dorms who participated, performed well and brought their Aggie Pride like none before. It's events like these that allow Aggie students to be entertained and relax.

Tibias Thorne and DeLila Miller searched long and hard for those oldies costumes.

Any suspects, in the building?

This fan participates with the latest move to Young Joe's *It's Goin' Down*.

Third place winners Cooper Hall, surprised the Aggies with their unique flavor at the Dorm Competition.

(left to right) Raymond McNair, Veronica Harrison, Delicia Adams, Courtney Bennett, the lovely lady step team from the Barbee Hall were poised and ready to take over the stage with their *Flavor of Love* theme.

Can't forget the Aggie Suites! Their energy was one to compete with

The men of Cooper Hall surprised the audience with their creativity

"And the Winner is..."

Condace Jensen takes Aggie's Edge

Students gathered in the Carolina Theater to watch Barbie and Ken make their real life fashion debut. Verge Modeling Troupe and Couture Productions hosted the fashion show where Barbie and her band of dolls lined up to show us the hottest trends in fashion and artistic expression through spoken word and dance. For all fans of The Tin Man, Barbie, Ken and Georgia Aggies, were pleased with the performances of Verge Modeling Troupe and Couture Productions in this year's Aggie Fest Fashion Show. The Carolina Theater was jammin' and rockin' as these two groups displayed their best and brightest talents.

The highlight of the evening was when the Georgia Aggies, who earned their spot in the show after winning the *Battle of the Hometown's Fashion Show*, showed their Aggie Pride the "A-Town" way. This night had all Aggies wishing that they could live in Toyland.

Barbie Rocks the Fashion Show

Loyal fans of Couture and Verge are energized while being entertained.

Couture Models are relieved that the show is over as they walk out for their curtain call.

Aggie Pride is not just local, but it's nationwide!

Fashion Show

Aggie Fest 2006

This model shows off her flexibility.

These girls are fashioned from head to toe.

The energy that these models gave during the show set the mood for Aggiefest week.

"Betcha can't do it like me"

Aggie Fest 2006

With elaborate costumes and themes, the Aggie Fest Step Show in Corbett Sports Complex was one of the most creative step shows ever! Every greek organization that participated was well prepared and full of excitement. This step show was marked with suspense, comedy, respect to the late Ray Charles and exhibition performances by Kappa Kappa Psi and Tau Beta Sigma, who ended their drought of not participating in A&T step shows.

Phi Beta Sigma, who won the Homecoming Step Show, also won this year's Aggie Fest Step Show using MTV's *Wildin' Out* for their inspiration. Alpha Kappa Alpha also beat all of the sororities with Poison Ivy from *Batman Returns*.

From Nick Cannon's *"Wildin' Out,"* Phi Beta Sigma decides who is going to take home the belt. "Will it be the white team or blue team?"

"I got a woman way over town, she's good to me!"

"Why must I feel like that,
Why must I chase the cat,
Nothing but the dog in me!"

Alpha Kappa Alpha Sorority Inc. knows what Green Ivy is all about!

Phi Beta Sigma, showed that long hours and hard work really pays off.

The members of Kappa Kappa Psi, showed Aggies how to work it on the stepping platform.

Tau Beta Sigma, showed us that first impressions mean everything.

Zeta Phi Beta

From the reality tv show *Flavor of Love*, Sigma Gamma Rho Sorority acted out different scenes such as the unforgettable Pumpkin and New York showdown.

The students of this university have a long tradition of leading and serving the surrounding community. The women of the Alpha Mu Chapter of Delta Sigma Delta Sorority Incorporated continued this tradition through their annual CODE RED Community Day Celebration. This event was held on Sunday during Aggie Fest Week.

Many kids from the Greensboro area came to North Carolina A&T State University to experience a extravagant carnival. With air jumpers, face painting, and games, smiles from children were constant throughout the event. Even the rain could not damper the mood of the children. This just goes to show that even in rain, hail, sleet or snow, Aggies are very eager to take time and serve the community.

Delta Sigma Theta Sorority Inc.

"Aren't those jumpers having so much fun?"
By the looks on their faces, they must be.

Aggies are always willing to be a friendly role model for future aggies.

Aggies of all ages can enjoy having their face painted.

CODE RED

AGGIE FEST 2006

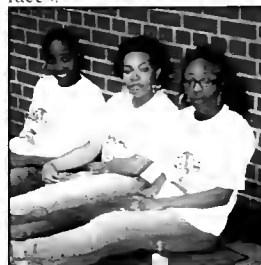

Say Cheese

Learning the importance of team work.

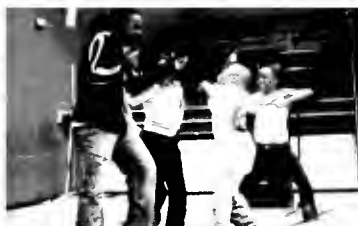

The women of Delta Sigma Theta Sorority, are proud they put smiles to many kids' faces.

I still enjoy blowing bubbles.

Class of

Provost Carolyn Myers leads the Academic Affairs Division into the ceremony.

Chancellor Renick delivers the Humanitarian Award to an Aggie Alumnus.

Alumni, parents, guardians, grandmothers, grandfathers, aunts, uncles, and cousins filled the coliseum on December 14 and May 13th.

Congratulations

ULATIONS

North Carolina A&T State University presents the Class of 2006.

Seniors excitement takes over while going to their seats.

Anisah Rasheed, Vice A&T escorts the College of Arts & Sciences during the Wagon Commencement.

One of the various Deans delivers a speech to the graduating seniors in hopes of inspiring them to succeed.

Cheers of joy and happiness bounced from the ceiling to the floor when graduates marched into the Olin Auditorium.

From freshman to seniors, no more waiting for these Aggies.

The University's schools were led by the banner representing their school.

Students of all ethnicity were prepared to cross the finish line in the morning of May 13th.

Guest speaker Tom Joyner, blessed the University with words of wisdom.

Chancellor James Renick gave the Class of 2006 their final farewell.

Graduating seniors are all smiles during this ceremony before their formal entrance into the real world.

Graduation is more than just the ending of a successful college career; it is also a celebration for the families who have demonstrated immeasurable support to help students make it to this day. The event was even more special considering that it would be the last for Dr. James C. Renick. Renick announced his departure on February 3, 2006. He has decided to accept the position as the senior vice president of programs and research for the American Council on Education in Washington, D.C. But even as Renick's leadership must come to an end, a new life begins for the graduating class of 2006. This graduation marked the 115th year of commencement ceremonies for A&T. The graduating class also proved to be one of the largest graduating classes. Over 2000 students sang their Alma Mater on May 13, 2006.

The commencement was dedicated to Renick and this year's speaker was Secretary of U.S. Department of Housing and Urban Development, Alphonso Jackson. Jackson exemplifies excellence with his 25 years of experience in private and public sectors. Appointed by President George W. Bush, Jackson joined the administration in 2001. He is the 13th Secretary of HUD. He graduated from A&T in 1986 Magna Cum Laude in Accounting.

Academics were taken very seriously by the 2006 graduating class. 132 students graduated with the highest honors, and 55 students graduated from the Honors Program. There were also a great number of award and scholarship recipients. Lloyd G. Trotter was the Honorary Degree recipient and Dimitri L. Stockton received the Alumni Excellence Award. These students proved that a balance between academic excellence and social life was not impossible. As they prepare to begin their futures and exit Aggrieland, there is one thing that they are all clear on; they will not be walking alone.

Class of

2006

December 14th and May 13th was the day all the hard work paid off.

The Class 2006's President presents the Chancellor with this artwork so that he will remember the love at "Dear A&T."

Juan Vaughan, a Chemical Engineering Major, and an alumnus of Hertford County High School is ready to move on to a great future.

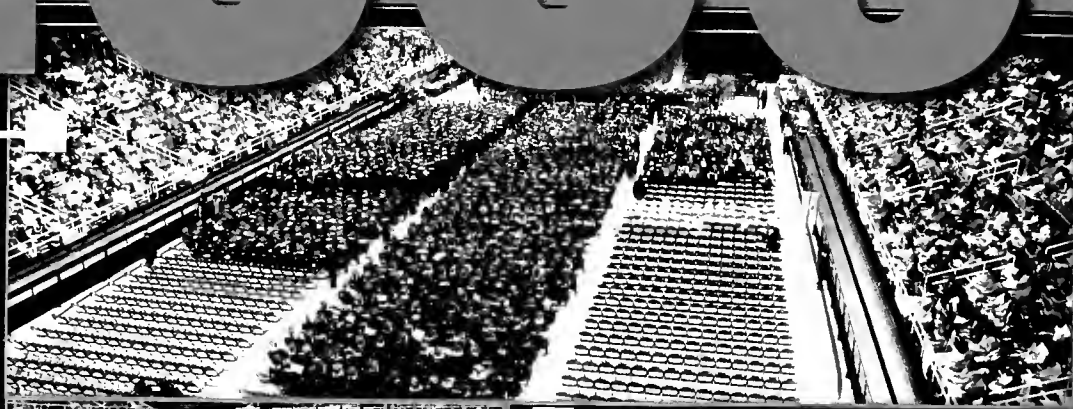

Crystal Williams, Miss A&T elect and Armita Moody, Student Government Association President elect supports and praises the graduates during this occasion.

Seniors celebrate while awaiting their name to be called during the ceremony.

Graduation is a well deserved day for the hard work of these Aggies.

50 years ago, these Aggies graduated from A&T.

2005-2006 Miss A&T Anisah Rasheed and her mother were present to join in with honoring the seniors.

*"You have explored.
You have discovered.
Now **BECOME.**"*

Seniors take a quick glance, while focusing on their graduating ceremony.

Devoted graduates such as former SGA President, Calvin Williams have given years of service towards the success of the university.

Senior class officers complete their duties by presenting their contribution to the Chancellor.

After marching inside, the Class of 2006 awaits for this memorable ceremony to begin.

Part of your responsibility is to continuously challenge yourself to a lifetime of learning and to recognize that you are now in a position to inspire others to achieve what you have done.

Chancellor Renick

Chancellor James C. Renick prepares to accept a gift from the graduates.

There was no sad faces for these ladies at the 2006 graduation ceremony.

While preparing to march into the coliseum, seniors are overwhelmed with relief that their day is finally here.

Administration

1999-
2006

CHANCELLOR James C. Renick

A Life, A Legacy

James C. Renick is Chancellor and Professor of Political Science at North Carolina Agricultural and Technical State University in Greensboro, North Carolina. He is the ninth chancellor of North Carolina A&T since its founding in 1891. Prior to his appointment in July 1999, Dr. Renick was Chancellor of the University of Michigan-Dearborn for six and a half years. With a doctorate in public administration from Florida State University, Chancellor Renick's work throughout his career has been focused on building partnerships between higher education and the community-at-large. He is a recognized leader in the area of corporate/university relations. Dr. Renick has engaged the campus in a unique strategic visioning process setting a course for the university that builds on its comparative advantages as the number one producer of black engineers and technologists in the world, a first-rate business school, and a rich civil rights legacy. Most recently, North Carolina A&T has embarked on several major capital projects, funded from bonds approved by the voters of North Carolina. These projects and the \$24 million capital expansion funded by the A&T Foundation are changing the face of the campus.

Dr. Renick received his BA from Central State University in Ohio, where he was inducted into the Donald K. Anthony Achievement Hall of Fame in 1993. He earned his MSW from Kansas University. He serves on numerous national boards and foundations including the Presidential Board of Advisors on Historically Black Colleges and Universities, the North Carolina Board of Science and Technology, the Business-Higher Education Forum, the Educational Testing Services Advisory Board, the JSTOR Board of Trustees, the Jacob Lawrence Foundation, the Honorary Education Council of the National Minority Military Museum Foundation, and the Parren J. Mitchell Foundation. Chancellor Renick is the immediate past Chair of the Council of Fellows, the alumni organization of the American Council on Education's Fellows program. Locally, he is on the board of the Microelectronics Center of North Carolina, the Piedmont Triad Center for Advanced Manufacturing, the Piedmont Triad Partnership, the Greater Greensboro Chamber of Commerce, and is the President of the Greensboro Merchants Association.

Chancellor Renick has consulted nationally and internationally on leadership and higher education. In 1985, Dr. Renick established the Executive Fellows program at the University of South Florida, serving as the founding educational chair and director of the public administration program. Most recently, he is a founding member of the Millennium Leadership Institute of the American Association of State Colleges and Universities - a program designed to increase the number of university presidents/chancellors of color. Numerous professional journals have published his research. Some of these journals include the *Social Science Quarterly*, *Personnel Journal*, *State Government*, *Metropolitan Universities*, and the *Public Personnel Management Journal*. His achievements have brought him numerous awards including the American Association for Higher Education Black Caucus' Exemplary Award for Public Service, the University of Michigan President's Medallion, Who's Who in Black America, and Faculty of the Year.

BOARD OF

Trustees

The seal of the Board of Trustees is located on the left side of the page. It features a central figure of a person in academic or professional attire, holding a book. To the left of the figure is a shield with the words 'ARTS AND SCIENCE' and the year '1891'. Below the figure is a banner with the Latin phrase 'DE ET MANUS'.

GETTING DOWN TO BUSINESS

The aims of higher education are to aid an individual in realizing his or her potential, and in becoming an effective member of society. The means to this end are independence of thought, active awareness and participation in various academic pursuits. The individual is the center of learning. The Student Government Association, as the representative of the student community, must be committed to these goals of higher education in order to justify its existence. This year the Student Government Association held several events including Think Tank which featured Cornel West as the guest speaker. The Student Government Association works very hard to keep the students of A&T satisfied by finding out what's important to them as students, making sure needs are met and by setting an example for the entire student body.

Student Government Association

**Vice President
External Affairs:
Megan Brooks**

The Vice President of External Affairs is responsible for public relations of the SGA and works with the campus and community organizations in an effort to get the students involved in community affairs.

**Vice President of
Internal Affairs:
Arnita Floyd-Moody**

The Vice President shall assist the President and shall be elected by and from the student body large. Vice President of Internal Affairs also performs the duties of the President in the event that he is absent.

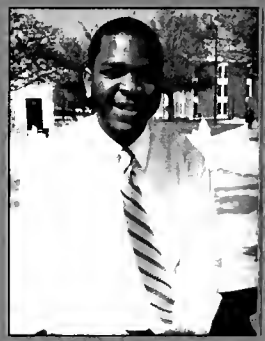

**Secretary:
Jessica Robinson**

The secretary is responsible for clerical duties and general office management. She records minutes at all Student Government meetings, and disseminates it to interested individuals.

**Attorney
General:
Dominique Tillman**

The Attorney General assists and represents the President in the performance of his duties as defined by the President. He also investigates, gathers evidence and prosecutes any offenders of the SGA.

**Treasurer:
Charles Biney**

The treasurer distributes all monies appropriated by the Student Senate. The treasurer assigns all purchase requisitions, travel forms and other documents pertaining to finance.

Student Government officials exuberate professionalism at all times.

Congratulations to the new Student Government Associations for the 05-06 school year.

Jessica Robinson, Megan Brooks and Armita Floyd-Moody have Aggie Pride.

**President:
Justin Ramey**

Mr. Ramey is empowered to establish student body subsidiaries that aid him in his performance as the head officer of the student government. He is the official representative for the Executive Branch of N C A&T S.U

**Miss A&T:
Anisah Rasheed**

Miss A&T serves as the official female representative of the student body. She reserves the right to conduct the coronation planning and execution, as well as community service projects deemed necessary.

**Chief of Staff:
Michael Fairfax**

The chief of staff is a very important title to have and has a lot of responsibilities to do such as help the e-board with programming.

**Parliamentarian
Elliott Ross**

**Chief of Staff:
Robert Rikard**

The chief of staff doesn't just help the e-board with programming but also oversees the Intern program and assist the President with anything he may need.

**Advisor:
Bridgett Herring**

The advisor is appointed by the Vice Chancellor of Student Affairs and shall consider for approval all recommendations from the SGA to the Vice Chancellor, and she advises the three branches of SGA.

David Bascombe Jr.

The 38th Legislative Assembly, works hard as a part of Senate. As they put in long hours and work hard to make sure all needs are met. Sometimes decision making can be hard and the long hours turn into late nights. But the job always gets done. Arnita Floyd-Moody, Vice President of Internal Affairs, works extremely hard to make sure everything is going swiftly and smoothly and that things are being ran like they should be. The members of the 38th Legislative Assembly take their positions seriously and are very dedicated. They understand the importance of senate and realize that being apart of legislative is an important role. Sometimes things get rough for them but they always bounce back and work together as one.

Long hours of hard work
is what makes any senate
branch work effectively.

Many opinions are given on what will work best for the senate.

Christopher James always takes good notes at the senate meetings.

h i s t o r y

North Carolina Agricultural & State University

On September 15, 1891, the first African American students entered the campus of what was then the North Carolina College of Agriculture and Mechanical Arts. The college was founded as a separate college for the colored race. Students of the Greensboro Normal Institute were transferred to the new college to support the new institution. Dr. Dewitt, a black educator, C. Perkins and Charles H. Moore conceived the plan for the college. In construction of the buildings, the plan was approved by the state in 1891 and the first building was completed in 1892. The Agricultural and Mechanical College for the Colored Race (now North Carolina A&T State University) had found its new home.

In 1915 state legislators changed the college name to The Agricultural and Mechanical College of North Carolina and in 1927 elevated its status to "University." North Carolina A&T became a constituent university of the University of North Carolina in 1972.

Since its inception in 1891, North Carolina Agricultural and State University has maintained a tradition of excellence in education. Under the leadership of Dr. James C. Black, the university continues to thrive, preserving its rich legacy.

A land grant, research intensive institution, North Carolina A&T is located in Greensboro, N.C., on 188 beautiful acres. Its enrollment is more than 11,000 students and workforce is 1,540 employees. The university is a research-oriented community that develops and preserves intellectual capital through intellectual learning, discovery, advancement and operational excellence.

The university offers 60 undergraduate degree programs, more than 30 master's degree programs, and Ph.D. degrees in mechanical, electrical, industrial engineering, energy and environmental studies and leadership studies. The academic programs are offered through the Schools of Agriculture and Environmental Sciences, Business and Economics, Education, Nursing, Technology, Graduate Studies, and the Colleges of Engineering and Arts and Sciences.

A well-rounded student body is the pride and strength of the university. Students are carefully selected from thousands of applicants annually. Once on campus, they are taught and mentored by excellent faculty. The majority of whom have earned doctoral or other terminal degrees from some of the nation's most prestigious, graduate and professional schools.

A&T is the nation's leader among colleges and universities that graduate minorities with degrees in engineering and technology. It also is one of the largest producers of African American certified public accountants.

The University has advanced to the forefront in the area of research. A&T annually generates over \$35.5 million in sponsored programs and more than \$5 million in appropriations for agricultural research and cooperative extension. It generates contracts with major international companies, foundations, and federal agencies to secure funding to enhance academic programs and to provide student scholarships.

On October 2, 2002, A&T launched an ambitious \$100 million capital campaign that will be conducted over a five-year period. The goal is one of the largest ever for a historically black university. The campaign theme is "From Generation to Generation: The Campaign for North Carolina A&T honors the legacy of the past at the same time that it secures the university's future."

The interdisciplinary-centered university emphasizes the role of science and technology in providing continuous opportunities for intellectual stimulation and growth. The University's evolution toward interdisciplinarity responds to new social and intellectual issues that require a new synthesis of knowledge.

To realize the promise of the interdisciplinary-centered university, North Carolina Agricultural and Technical State University is committed to providing a high quality education through its many undergraduate and graduate programs.

STAFF SENATE

NORTH CAROLINA AGRICULTURAL & TECHNICAL

HELPING TO BUILD THE ENTIRE UNIVERSITY COMMUNITY

Clarence William Page

During his first term in office Clarence focused on uniting the Staff Senate and making it more user friendly. He organized a concentrated effort to inform A&T Staff Senators and their constituents of the possible effects proposed NC Senate Bill 788 could (if enacted) have on workers who are under the State Personnel Act (SPA). He held an email seminar and led the Staff Senate in pulling together a documentary response to issues posed by the Bill. As a result, many A&T staff members became more knowledgeable of the provisions of the current SPA and possible ramifications of the proposed bill. Clarence has urged the Staff Senate to be positively proactive rather than having to be responsively and negatively reactive. He has urged the Senators to find venues for increasing the effectiveness of staff members. One method he says he believes will work is the presentation of staff improvement seminars. Some A&T Staff Senators are already working on such presentations. Clarence has urged the Staff Senators to do more investigative research and present proposals that will enhance the University community.

Wendy Anderson

Staff Senate is Wendy Anderson. Wendy works in the Office of the Chancellor. She served as Parliamentarian and was very instrumental in helping keep the Staff Senate meetings in order and operating in a timely fashion. She is an excellent listener and speaks after much considered deliberation. Wendy is a very humble person who is always willing to do her part to make Staff Senate projects successful. In addition to serving in the role of Parliamentarian, Wendy has been very supportive in helping the Staff Senate find meeting locations. Her presence on the Staff Senate has truly helped build community between the University's management and line staff. Her speech is filled with wisdom and she exudes an air of confidence. Her opinion is highly valued. Vice Chair Anderson is truly one of the A&T Staff Senate's valued assets.

Sharon S. Mitchell

The Secretary of the NC A&T State University Staff Senate is Sharon S. Mitchell. She is an Administrative Secretary in the Animal Sciences Department. Sharon has participated in almost every activity and event the A&T Staff Senate has sponsored. She organized the Staff Senate's participation in the 2003 Commencement activities. She was a tremendous help in the Senate's Issues Information project (NC Senate Bill 788). At the Chair's request, she has stepped in whenever and wherever the Staff Senate needed leadership and administrative expertise.

We are here for A&T staff members. We are in A-C-T-I-O-N for you. We will listen to you. If there is an appropriate way for us to help you, we will attempt to do so. Please get to know us. We are willing to hear your concerns. We are very open to information and suggestions. Using the appropriate means and methods, we will seek to help you communicate your concerns.

As your Senators we will constructively address and identify SPA and EPA non-teaching interests, ideas and concerns relative to employment issues, policies and procedures. We will promote and facilitate communication and participation in decisions and activities that affect members of the A & T Staff.

We will encourage a sense of community among all employees of North Carolina A & T State University.

We intend to continually seek mutual understanding and new opportunities to improve the quality of life at A&T. Methods used to accomplish this include respect for individuals, community meetings and recognition of employee contributions.

Please do not forget: We are here for you.

TECHNICAL STATE UNIVERSITY

Vice-Secretary Greta Carter

The Vice Secretary of the A&T Staff Senate is Greta Carter. Senator Carter works in the position of Administrative Assistant in the Environmental, Health and Safety Office. We welcome Vice Secretary Carter and expect great things as she addresses the challenges of her portfolio.

Treasurer Tammer H. Brown

The Treasurer of the NC A&T State University Staff Senate is Tammer H. Brown. Senator Brown works in the office of Student Financial Aid. Her office is located in the Dowdy Administration Building. Tammer was elected to the position of Treasurer in May 2005. She will face many challenges as the Staff Senate forges ahead relentlessly in its efforts to blaze a trail of high level management cooperation and collaboration, staff instruction/skills building, and university

Parliamentarian Trevor R. Taylor

The Parliamentarian of the NC A&T State University Staff Senate is Trevor Taylor. Senator Trevor Taylor has been a Staff Senate "work horse". The position of Parliamentarian will allow him the wonderful opportunity to continue sharing his leadership skills and expertise. His involvement as a regular team player across portfolio lines will invigorate Trevor and provide great benefit to the Staff Senate and to the University family.

Auxiliary Services

The mission of the office of Auxiliary Services is to be student centered while providing administrative and fiscal supervision for student supported enterprises. The supervisory and analytical expertise necessary to decrease costs, increase revenues, productivity and efficiency in these enterprises are the price directives in support of the University's mission.

Auxiliary Services works hard to accomplish all of their responsibilities through out the school year for the students and faculty. They are in charge of a lot of things from the cafeteria to concession stands at athletic events. In an effort to raise additional revenue for Athletics, Auxiliary Services drafted the first ever stadium pouring rights contract for Aggie Stadium. They work hard to keep the students here at A&T happy and they try their hardest to stay on top of things.

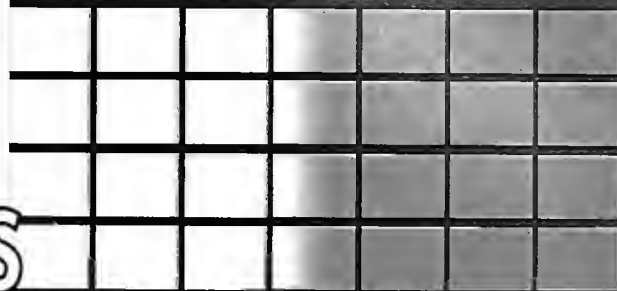

You can always see these friendly faces when you go to get your Aggie One Card.

Our mail center staff works hard to get your letters and packages to the students on time.

Police & Parking Services

Sometimes teachers need help to from the police here at A&T.

The Department of Police and Public Safety is located in Ward Hall. This building was originally the University dairy which produced milk and other dairy products for the campus dining hall.

Ward Hall now houses the various divisions of the Department of Police and Public Safety, including Police Administration, Patrol Division, Criminal Investigation Division, Parking Services, and Police Telecommunications Center.

Just recently our police department became the first HBCU police department to be accredited. Our university's security policy and procedures are aimed at the safety and welfare

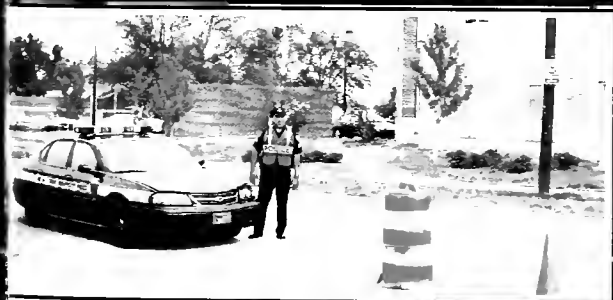

of our students, faculty, staff and visitors.

VEHICLE REGISTRATION FEES

R (RESERVED)	N/A
FS (FACULTY/STAFF)	68.00
B (RESIDENTS)	68.00

Even on feet they are trying to protect you.

The police here at A&T work hard to keep us Aggies safe.

Our parking services can always lend a helping hand.

Sebastian Health Center

The Sebastian Health Center is committed to the concept of wellness. It is our intention that North Carolina Agricultural and Technical State University students regard the health center as a wellness center as well as a place to seek care and treatment during illness.

The Sebastian Health Center seeks to advance and maintain the health of university students by altering or eliminating health-related obstacles and by empowering them to be self-directed in their individual care.

Our health services encompass a variety of medical and health education services to meet the university family's needs; should you want a flu shot, medical care, mental health assistance, women's health, help with dating violence, sexual health or weight control, we are here for you.

Linda Wilson is the executive director of Sebastian Health Center.

Students take action of their health.

The staff at Sebastian are always willing to lend a helping hand.

Dr. Charles Lowens and Dr. Harvette Jenkins are the heart of Sebastian Health Center.

Memorial Student Union

The Memorial Student Union functions as the "Community Center" for the University and its constituency by providing a diversity of services, activities and amenities. The Union serves as the headquarters for the Student Government Association, Student Union Advisory Board, Campus Ministry, Honda Campus All Star Challenge (Quiz Bowl Team), Aggie Escort Shuttle Service, Aggie Sit-In (fond court), Aggie C-Store, Yearbook Office, Intramural Sports and Recreation, University Events Center, "Aggie Underground" (recreation area), the Commuter Center and the Aggie OneCard.

Additionally, the Memorial Union offers room accommodations and setup services for events that vary from small group meetings to large banquets, a variety of workshops and displays, comfortable lounge areas with wireless internet, a computer lab with internet access, elaborate conference room, an Information Center, an outdoor courtyard, Wachovia ATM service and a fax/copier corner.

Left: Need help? Be sure to stop at the information desk.

Check out some of our former athletes on the Sports Hall of Fame wall.

Grab a bite to eat between classes in the Aggie Sit-In.

The beautiful exterior to the student "hangout."

Housing & ResidenceLife

The Department of Housing and Residence Life strives to promote educational excellence in the Residential Community and increase retention for North Carolina Agricultural and Technical State University. Through strong collaborations with Academic Affairs and Student Affairs, the Aggie Living and Learning Communities enable residents to experience a more educationally enriched community supporting his/her academic and career aspirations. Moreover, the Department of Housing and Residence Life recognizes the importance of life skills for the employability of our students. As such, for life skills, these communities will focus on a Residential Curriculum guiding students toward competencies in critical thinking and reasoning skills, social and civic responsibility, character, ethics, and communication.

Cooper Hall, the male athletic residence hall.

Aggie Terrace, an "off-campus" option for students who would still like to pay for housing upfront.

Physical Plant

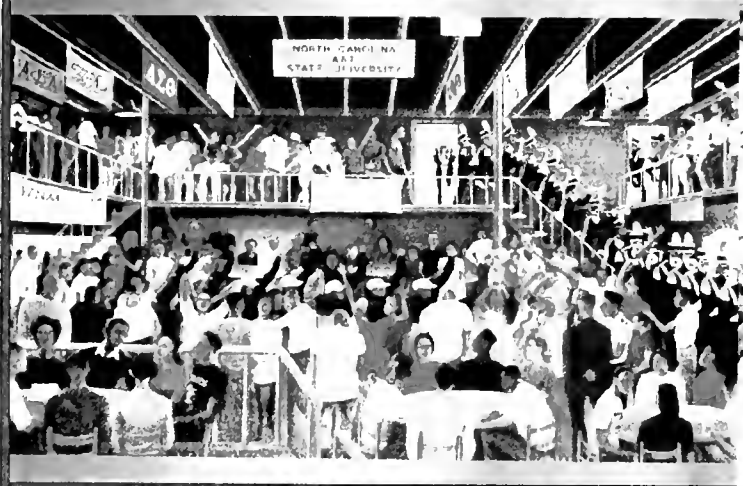

The physical plants' mission is to provide services to essential to efficiently operate, maintain and enhance University landscape and facilities for students, faculty, staff and other customers who deserve and expect a safe and attractive environment for study, work and recreation. The vision of the physical plant is to be focused on the delivery of quality of services provided to internal and external customers, recognizing that facilities are highly employees motivated, well trained and team oriented professionals who are vital contributors to this organization and the University's success. The Physical Plant works very hard each day to keep our school looking good, they take the time out to make sure that needs are met and assist students in anyway that they can.

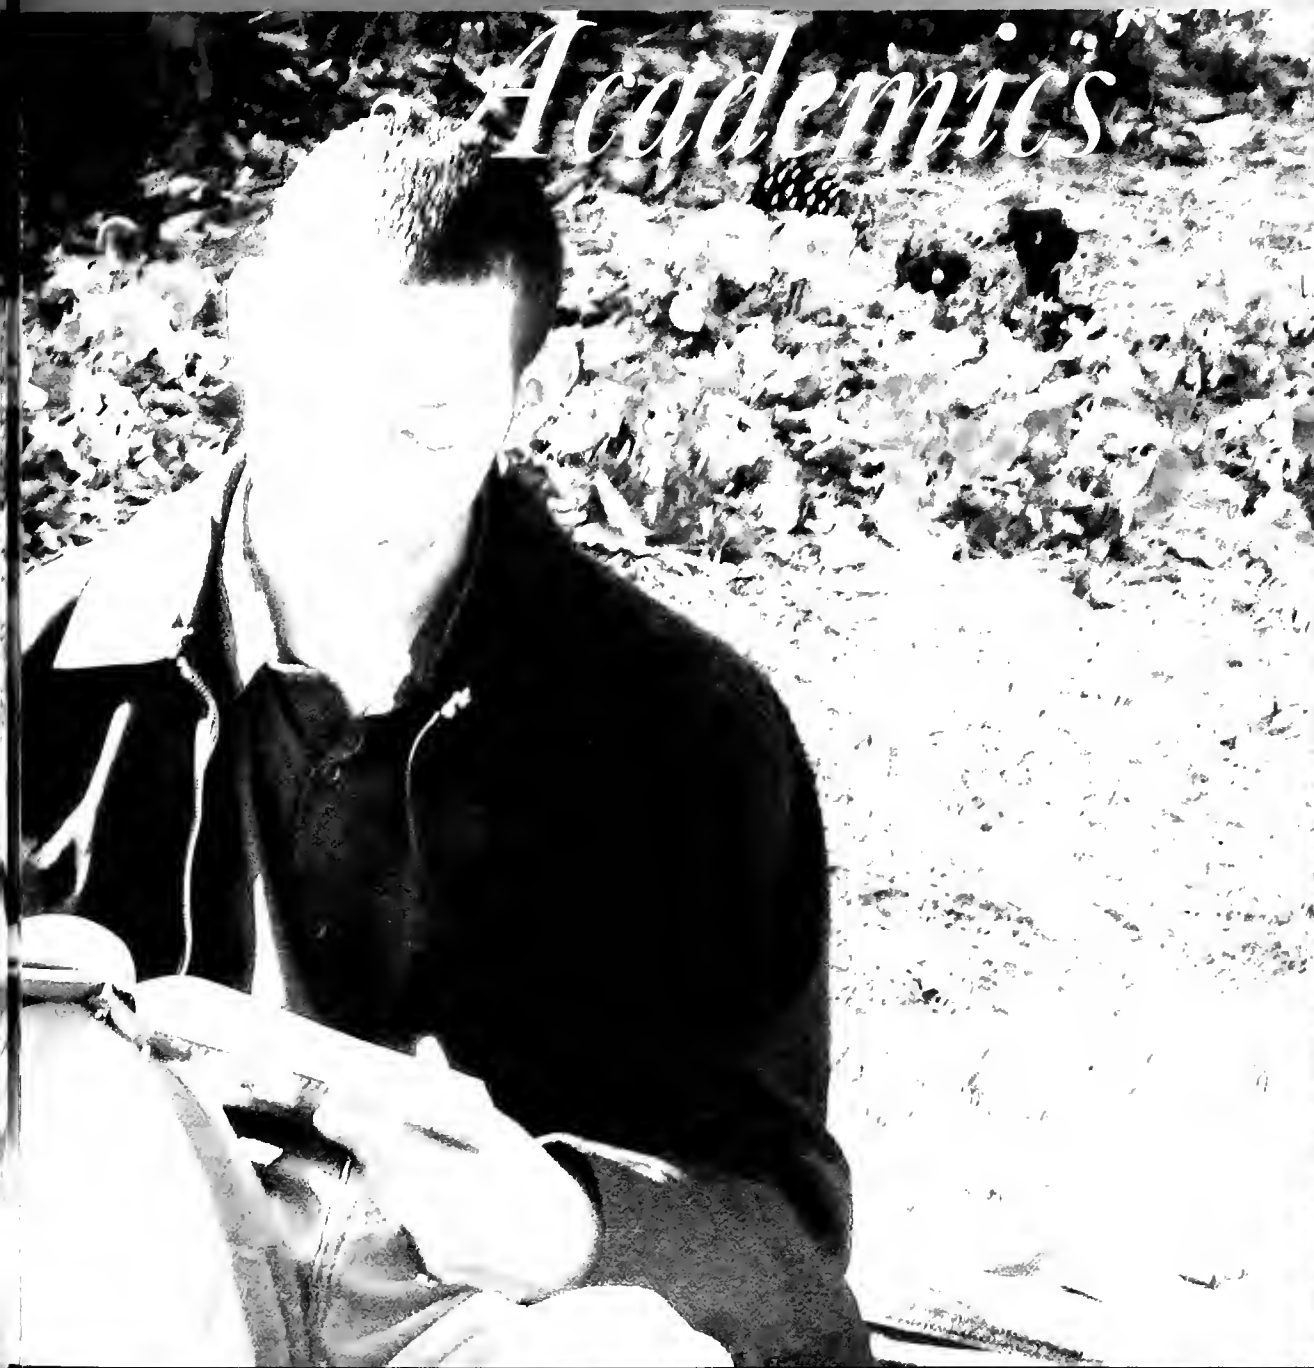

Our physical plant works hard at everything that they do.

The plant department does more than fix things, they keep are lawn looking nice too.

Academics

Agricultural & Environ

SCIE

The School of Agriculture continues to deliver students with award-winning research development programs. Such programs include Cooperative Extension and Agriculture Research that properly serve future graduates in their respective areas. With an increased enrollment students have the necessary tools to enhance certain skills such as biotechnology, agricultural and bios stems engineering, natural resources management, and waste management.

The School of Agriculture and Environmental Sciences at North Carolina A&T State University provides students with the understanding and skills to address the problems of the agricultural economy, and to help those involved in it lead more productive and satisfying lives.

Arts & Sciences

The College of Arts & Sciences is the largest academic unit at A&T, encompassing 13 departments and programs in eight buildings. Its core curriculum represents the heart of education – the building blocks for advanced study – covering the arts and humanities, sciences, and social sciences. A&T students earning degrees in biology, chemistry, mathematics, and physics are among the best-prepared and most successful scientists in the country in part because they get their start in the College of Arts & Sciences. The late NASA astronaut Ron McNair, who started his education with a physics degree from A&T's College of Arts & Sciences, is just one example. Our graduates continue their studies at some of the most prestigious graduate schools in the nation. Those who choose not to pursue further studies often start their careers with the many research institutions, businesses or government agencies that recruit here and hire a significant number of our students.

Business & Economics

The School of Business at North Carolina A&T State University is accredited by the Association to Advance Collegiate Schools of Business (AACSB International). Organized in 1916, AACSB International is the premier accrediting agency for bachelor's, master's, and doctoral degree programs in business administration and accounting.

The mission of the School of Business and Economics at North Carolina A&T State University is to provide a high quality experience in management education in an academic environment which effectively recognizes, appreciates, and responds to the diverse backgrounds and abilities of students. The academic and related programs of the School are designed for the development and/or enhancement of communication, technological, analytical, team building, and other skills essential for graduates to competitively perform and advance in a changing and global society with a diverse work force. The School's primary emphasis on effective teaching and learning is fostered by the availability, continued improvement, and productivity of the faculty for instruction, advisement, research, and for service to the University, community, and the professions.

Education

School of

The School of Education's program of study is to help students obtain knowledge in their specialized subjects of education by preparing current students for professional careers in elementary and secondary schools. The School of Education has selected as its program theme "The Professional Educator: A Catalyst for Learning." From the theme, a conceptual framework has been developed which included a rationale and organizing principles that guide the development of the curriculum for professional education including the categorization of knowledge.

College of Engineering

For many years, the College of Engineering has been the nation's leading producer of African American engineers and also the leading producer of African-American women engineers at the bachelor's level. It is currently the third largest producer of African American Masters level engineers. Two programs in the College have distinctive features. These include the Architectural Engineering program which is the only one of its kind in the state and only one of thirteen in the country; and the Bio-environmental Engineering program that is the only Accreditation Board for Engineering and Technology (ABET) accredited program of its kind at Historically Black College or University.

College of Engineering

Technn School of

The primary mission of the School of Technology is to prepare individuals for industry, government and education who are capable of meeting the expanding challenges of high technology. The school is thus involved in teaching, research, and service projects as they relate to our technological society. The School of Technology strives to be recognized as a national leader in the development of technology-management professionals for the 21st century.

The School of Technology will:

- ~Prepare competitive technology management professionals for the 21st century.
- ~Prepare technology management professionals through experientially based learner-centered environments.
- ~Prepare technology-management professionals to successfully enter the workforce.
- ~Develop and deliver the highest quality technological programs.

Nurs

The School of Nursing is an integral part of North Carolina Agricultural and Technical State University and adheres to the purpose and objectives of the University. The School of Nursing offers a program leading to the Bachelor of Science Degree in Nursing. The school is organized into lower and upper divisions. The first two academic years or lower division of the program encompass the core requirements of the University and the foundation courses for the major. The upper division or last two academic years is largely devoted to nursing courses.

Dr. Patricia Price-Lea
Dean

Left: Nursing majors spend the majority of their time inside of Noble Hall, that is when they're not doing clinicals.

Who's Who

Each year, a select group of students is called forward to accept one of the most prestigious awards the academic community can bestow: selection to Who's Who Among Students. This exclusive honor is conferred by more than 1,900 schools in all 50 states and the District of Columbia.

Who's Who Among Students has become one of the most highly regarded and long-standing honors programs in the nation, having earned the overwhelming respect of college faculties and administrations. And for the students, the outstanding campus leaders of the year, national recognition by the Who's Who program marks a pinnacle of scholastic achievement.

Selections to Who's Who Among Students are made each fall by individual schools. Campus nominating committees, created to nominate the upper-classmen and graduate students eligible for the program, are composed of representatives from the faculty, administration and student body.

This procedure of local nomination succeeds in highlighting the individual and diverse service to community and school. These are the young adults who enhance the positive image of American youth through their contributions to community and school. Because curricular and extracurricular programs at schools vary greatly, each college is assigned a quota of nominees. This quota is carefully calculated to ensure a well-rounded representation of the student body. All nominations must be endorsed by a college's faculty or administration.

Andrea N. Young

We are proud of our teachers here at North Carolina Agriculture and Technical State University. We have some of the best educated and talented teachers here. We look up to them and we know that they are here for us when we need them. They take the time out of their busy schedules to tutor us and guide us during the semester. Some of our teachers define teaching as an active exchange of ideas that enhances the learning of others and self. While others believe that teachers should seek to empower students with the skills necessary to be successful in their professional lives and model the behaviors they expect of their students.

Teachers of the Year

College of Engineering:
Dr. Samuel Owusu-Ofori

He believes that teaching does not only involve the development of the students' intellect but also their disciplinary skills, professional attitudes and habits.

College of Arts and Sciences:
Dr. Solomon Bililign

Bililign believes that effective teaching is not simply a matter of passing out information, but it is a way to build students' critical thinking skills and help them become lifelong, independent learners.

School of Business and Economics:
Jacqueline Williams

Williams views the classroom as a learning laboratory, a safe place for students to gain knowledge and practice behaviors that will ultimately allow them to advance confidently in the direction of their dreams.

School of Education:
Brenda Hall

She defines teaching as an active exchange of ideas, knowledge and experiences that enhances the learning of others and self. In her classes, Hall creates a learning environment that challenges and motivates her students.

Administrator of the Year

Dr. Alton Thompson
Dean of the School of Agriculture
and Environmental Sciences

On July 1, 2000, Dr. Alton Thompson became dean of the School of Agriculture and Environmental and Allied Sciences.

Thompson has been chairman of A&T's Department of Agriculture Education, Economics and Rural Sociology and director of the university's Applied Survey Research Laboratory since 1996.

Thompson began his career as an assistant professor at Norfolk State University in 1981. He came to A&T for the first time a year later. He spent seven years in the Department of Agricultural Economics and Rural Sociology before going to N.C. State as an assistant professor. He returned to A&T in 1991 as an adjunct associate professor.

Thompson is a member of the American Agricultural Economics Association, the Rural Sociological Society, and the Southern Rural Sociological Association.

**School of Agriculture
and Environmental
Sciences:**

Dr. Jane Walker

Her students describe her as an exceptional teacher who demands excellence while also providing them with the tools and encouragement to be proactive, lifelong learners.

School of Technology
Dr. Cynthia Gillispie-Johnson

Her teaching philosophy is that a caring instructor must create an environment where students feel comfortable and confident to express concerns and to discuss their career objectives.

School of Technology:
Dr. Ji Yao Shen

Shen strives to make a difference in the lives of his students who represent the future of our nation. His knowledge of these concepts are not confined to just the classroom, but to real world applications also.

School of Nursing:
Cathy M. Badgett,
M.S.N., R.N.

Badgett's belief is that teachers should seek to empower students with the skills necessary to be successful in their professional and personal lives and model the behaviors they expect their students to acquire.

Annual Retirement Celebration

The faculty of A&T has and will always be the backbone of the university. They have made contributions to the institution in more ways than one. They are always here to provide guidance and assistance to any student in need, and continue to demonstrate just how much they care about the welfare of the university. Many students have been fortunate to receive mentorship from faculty, and have found someone to confide in. It was indeed the encouragement from a faculty member that kept a student focused, and able to succeed in stressful circumstances. Therefore, it is a great deal when these mentors retire. And it only makes sense to have a celebration for all their hard work and endeavors. Their efforts will not be undermined or forgotten.

It is only right to provide gifts to people who have given their gifts to the university for years.

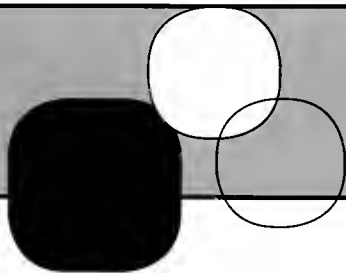

Faculty received plaques for their incredible accomplishments.

Many of the university's prominent leaders were in attendance at the celebration.

The faculty will continue to serve great importance to A&T.

Dedication

Iota Phi Theta

To promote the development and perpetuation of scholarship, leadership, citizenship, fidelity and brotherhood among men.

History Scholars

Support

Spirit
Communication

Loyalty

FotoPlash

United Christain Fellowship

To act as an umbrella for all Christian organizations on campus. United Christian Fellowship is designed to unite all the Christian organizations on campus.

HUMOR

Personality

History

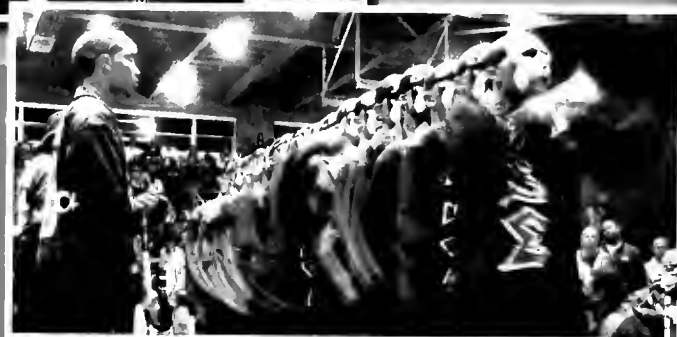

Unity

Dedication

Phi Beta Sigma

To uphold brotherhood, scholarship and service.

Virginia Aggies

To unite students of NCAT from Virginia through common interest.

Support

Spirit
Communication

Loyalty

Zeta Phi Beta

Zeta Phi Beta purpose is to foster the ideals of service, charity, scholarship, civic and cultural endeavors, sisterhood and finer womanhood. These ideals are reflected in the sorority's national programs for which its members and auxiliary groups provide unlimited hours of voluntary service to staff community outreach programs, fund scholarships, support organized charities, and promote legislation for social and civic change.

Aggie Livewire

To spread Aggie Pride throughout Aggieland and the rest of the world, devoted to community service, university activities participation and loyal to all athletics.

HUMOR

Personality

History

Unity

Dedication

Kappa Kappa Psi

The MIGHTY IOTA ZETA chapter of Kappa Kappa Psi, also known as the INSANE ZOOHOUSE was chartered February 24, 1990 by 19 outstanding band members. These 19 men laid a strong foundation for the chapter that has built a reputation for being the most musically talented as well as enthusiastic members of the North Carolina A & T State University Blue and Gold Marching Machine..

NCATSU Fellowship Gospel Choir

To stimulate, motivate and enhance Christian principles in order to bring individuals closer to God; to provide a socio-religious organization for students who embrace the love of God and his praises through song.

Support

Spirit
Communication

Loyalty

Environmental Science Club

NC A&T State University's Environmental Science Club serves to promote environmental science and ecological awareness throughout the university's campus as well as throughout the local Greensboro community. We educate members, students, and concerned citizens about imperative environmental issues that affect the community; develop projects that directly address ecological concerns; and collaborate with other college campus organizations to accomplish goals of major initiatives.

Chi
Eta
Phi

To develop a corps of nursing leaders, encourage continuing education, have a continuous recruitment for nursing and health professions, stimulate a close and friendly relationship among the members, develop working relationships with other professional groups.

HUMOR

PERSONALITY

History

Unity

Dedication

Model
United
Nations

To promote academic enrichment through the study of foreign societies and the development of binding relationship between students who have an interest in international affairs.

Groove Phi Groove

To promote academic awareness, unity, and fellowship among college and graduate black men.

Support

Spirit

Communication

Loyalty

Couture Productions

To provide students with an outlet from daily school-related stress. The purpose of the organization is to consistently provide outstanding entertainment to the campus of NC A&T SU and surrounding areas.

ALPHA
BETA
M

To foster camaraderie among accounting and finance students and to provide professional development opportunities for accounting and finance majors.

HUMOR

PERSONALITY

History

Unity

Dedication

Delta
Sigma
Theta

To provide services and programs to promote human welfare.

Blue Reign

To promote Aggie Pride and show creative expression through the art of dance.

Support

Spirit Communication

Loyalty

Omega Psi Phi

To promote a positive influence of black men on college campuses by demonstrating the principle of manhood, scholarship, perseverance, and uplift throughout the campus, student body and community.

New York/ New Jersey Connection

To unite students from NY, NJ, CT and DE, while participation in community service and campus events.

HUMOR

PERSONALITY

History

Unity

Dedication

Aggie Economics Association

To maintain and promote academic excellence, student involvement, to maintain about the current economy and to provide service to our communities, both at home and at large.

American Marketing Association

An international professional organization for people involved in the practice, study and teaching of marketing.

Support

Spirit
Communication

Loyalty

Mathematical Association

To advance the mathematical sciences, especially at the collegiate level.

Beta Alpha Psi

BAΨ (Beta Alpha Psi) is an honorary organization for accounting, finance and information systems students and professionals. Its primary objective is to encourage and recognize academic and professional excellence in the financial information field. Beta Alpha Psi promotes the study and practice of accounting, finance and information systems. They also provide opportunities for personal growth, service and association between members and practicing professionals. The organization strives to encourage a sense of ethical, social, and public responsibility. Beta Alpha Psi was founded in 1919 at the University of Illinois at Urbana-Champaign.

HUMOR

Personality

History

Unity

Dedication

Media Network

To allow students studying journalism and Mass Communications to have an outlet to further education outside of the classroom experience. Media Network serves also as a support system for those students in the JOMC, Division of speech etc. to branch out and network outside of class.

History Club

To provide students with a venue to critically think about and discuss socio-political economic issues affecting the African American community as a whole. To serve the community surrounding NCAT.

Support

Spirit
Communication

Loyalty

Psi Chi National Honor Society

To encourage stimulate and maintain excellence in scholarship at the individual members in all fields, particularly in psychology, and to advance the science of psychology.

Alpha Kappa Alpha

To cultivate and encourage high scholastic and ethical standards and to promote unity and friendship among college women.

HUMOR

Personality

History

Unity

Dedication

Marching Band

The name is synonymous with talent, excitement, and raw musical power. Year after year, the Blue & Gold Marching Machine entertains crowds of fans with the same intensity and excellence. CONSISTENCY is the word when you think of the legacy that the Marching Machine has laid. The band is a cornerstone of NC A&T State University, performing for athletic events, parades, and campus & community activities. The Marching Machine has set a high standard for all to follow.

Alpha Phi Alpha

To stimulate the ambition of its members; to prepare them for the greatest usefulness in the cause of humanity, freedom, and dignity of the individual; to encourage the highest and noblest form of manhood; and to aid down trodden humanity in its efforts to achieve higher social, economic, and intellectual status.

Homecoming

Brandon D. and the AGGIE dawg share in the celebration.

Talented AGGIE shares her poetry.

Violinist plays softly while poetry is being read at Soul Cafe.

Students rejoice after hearing a poem

Soul Café wasn't just about poetry, the singing was awesome too.

Jonathan Wood came out and support poetry night.

Aggies stand up in support of the pep rally.

Another talented performer takes the audience breath away.

Dr. Rashid passing along words of wisdom to a guest poet.

The roof, the roof, the roof is on fire! We don't need no water let Moore Gym Burn! Burn! This year's pep rally program featured A&T's Hood Band and they gave us the kiss of life while the sassy dancers of Blue Reign dazzled the crowd with their moves. Most significantly the talented Aggie football team held it down keeping the audience with some crunk in their system. Let's not forget the lovely ladies of the Gold Squad that gave the crowd high kicks, flips, and cheers in celebration of the homecoming 2013. Students, faculty, alumni, and friends joined in unity showing the true Aggie Pride. For many it was a joyous event to remember. Freshman, Byron Ingran describes his experience saying, "Tonight was a very interesting and fun place to be. It was very live from start to finish." With a brand new year comes a brand new celebration! "I enjoyed the diversity and creativity", said Ladonia Thomas, words form an inspiring poet. The Collective hosted Soul Café this year with poetry and singing. Many of the students from A&T performed poetry and sang songs. There were also violinist playing during some of the poetry being read, how elegant.

DJ want you play this girl a love song!

Organized Chaos

What would Homecoming be without a fashion show? This year's fashion show featured a very special guest, none other than America's Next Top Model Eva "The Diva" Pigford in the flesh. "Eva, Eva, Eva, she is my favorite Top Model, you can't get any better than that!" said Jamal Williams.

Verge and Couture Productions teamed up for the first time to showcase the world of fashion. "Couture and Verge came up with some great themes and performed wonderfully" said Crystal Williams.

Using the Atlantis and Devil's Island themes, "Fashionopoly". Couture Productions electrified the stage with a conscious, brilliant color scheme. "What it comes down to is it's in the bag, said Cordel Lyons.

Verge designed the stage with the Atlantis theme. Verge incorporated the Atlantis theme into the stage design, making a cutting edge look. "Verge's design goes to the record books, kudos to Verge. This year's fashion show was the best show in Homecoming history," said Carter.

Couture models "touch it, bring it, babe, watch it, turn it, leave it, stop format it" at this year's Homecoming Fashion Show.

Verge men finest apparel.

Couture's interpretation of "The Devil's Cove"

Coutour acts out one of their scenes from "Fashionoploy".

America's Next Top Model Eva Pigford takes time out to sign autographs. Eva Co-hosted the Fashion Show.

Chancellor Renick gives a few words of encouragement to the audience.

Dr. Janice Brewington ensures everyone that this day is a momentous day.

Chancellor Renick shows excitement towards the speaker of the hour.

The audience are intrigued by the speaker and his powerful message.

Dr. Roselle Wilson engages in the musical performances

A&T cheerleaders performed a routine during Founder's Day.

Praise dancers intrigue the audience with their moving performance

Cheerleaders encourage the crowd to participate in their chant.

Everyone is enjoying the performances of the day.

Influential speakers made the 114th Founder's Day ceremony a success, having one of the best turn outs ever! Chancellor Renick began the convocation, followed by the audience singing "Lift Every Voice" Miss NC A&T, Anissah Rasheed, gave the warm welcome address. This year's featured speaker was our very own SGA President, Justin Ramey. "Justin Ramey was the most influential speaker of the ceremony, because I can relate to him, and he knows what we need as a student body", said Antoine Martin. The ceremony reflected on our legacy and achievements, and honoring 2005's number one chapter the Alpha Lambda Delta Honor Society with a banner. Student, Jashad Brown's reason for coming to the event was to be influenced, and he was proud to say his mission was accomplished.

The gospel choir sings for the alumni.

The Coronation of

Miss Anisah Rasheed

It was a beautiful day on March 14, 1985, when Anisah Rasheed was born to Valerie Dale and Correlli Rasheed. She was raised in Roanoke, VA. She has come from being a four sport athlete, scholar and entrepreneur. In 1994 along with her two sisters, she started a clown entertainment business called Sister Clowns. They provided a skit, animal balloons, and face painting. She was named "One Of The 50 Most Inspiring African Americans" by Essence Magazine, Kidpreneur of the Year by Black Enterprise Magazine, and Youth Leader by the Roanoke Chapter of the NAACP, and received third place in a scholarship competition between young entrepreneurs across America from Guardian Life Insurance, and Working Women Magazine. Anisah became a senior in her third year at A&T studying marketing in the School of Business and Economics. While attending A&T, Anisah showed her leadership through different organizations on campus such as VERGE Modeling, Aggie Enterprise, Free Enterprise, and the Virginia Aggie club. "I have a passion for A&T and serving the student body and community", said Anisah. Her goals are to establish a children's hospital that will provide clown entertainment for terminally ill children as well as house their families. Anisah is a beautiful, confident, pleasant, and humble young woman who continuously strives for the best.

Biography

Joshua Green is from Greensboro, NC. He was born on January 10th. His major is Electrical Engineering, and he plans to attend graduate school in the fall of 2007. Mr. Aggie serves as the male representative for North Carolina Agricultural and Technical State University. His duties include planning activities with the SUAB Executive Board, sponsoring aggie freshmen week, game nights throughout the school year, and a bowling night during homecoming, he also serves as a prestigious judge at various functions throughout campus and the community of Greensboro. Included are the Mr. and Mrs. Dudley, Mr. and Mrs. Upward-Bound, and Mr. 1913 pageants. As Mr. Aggie he has also sponsored other programs that he organized himself such as Battle of the Iron Mic, and Young Gifted and Black. Green also participates in reading days at various elementary schools throughout the triad area. He always exemplifies what a young man in Aggie Land truly is about. Before he took the title as Mr. Aggie, he was apart of our marching band serving as a drum major for 2 years. "I am Aggie born and Aggie bred so it has always been in me to show what it means to have Aggie pride until I'm Aggie dead!" Joshua Green should be remembered as the aggie who gave his all to this school, and was involved throughout the university during his years here.

GOING DOWN FROM THE HOME

Step Show

Sigma Gamma Rho catered to the crowd.

Alpha Kappa Alpha stepped their way to first place!

ROTC sponsored this year's homecoming step show with special tributes to all nine pan hellenic fraternities and sororities.

The army step team breaks it down for the Homecoming crowd.

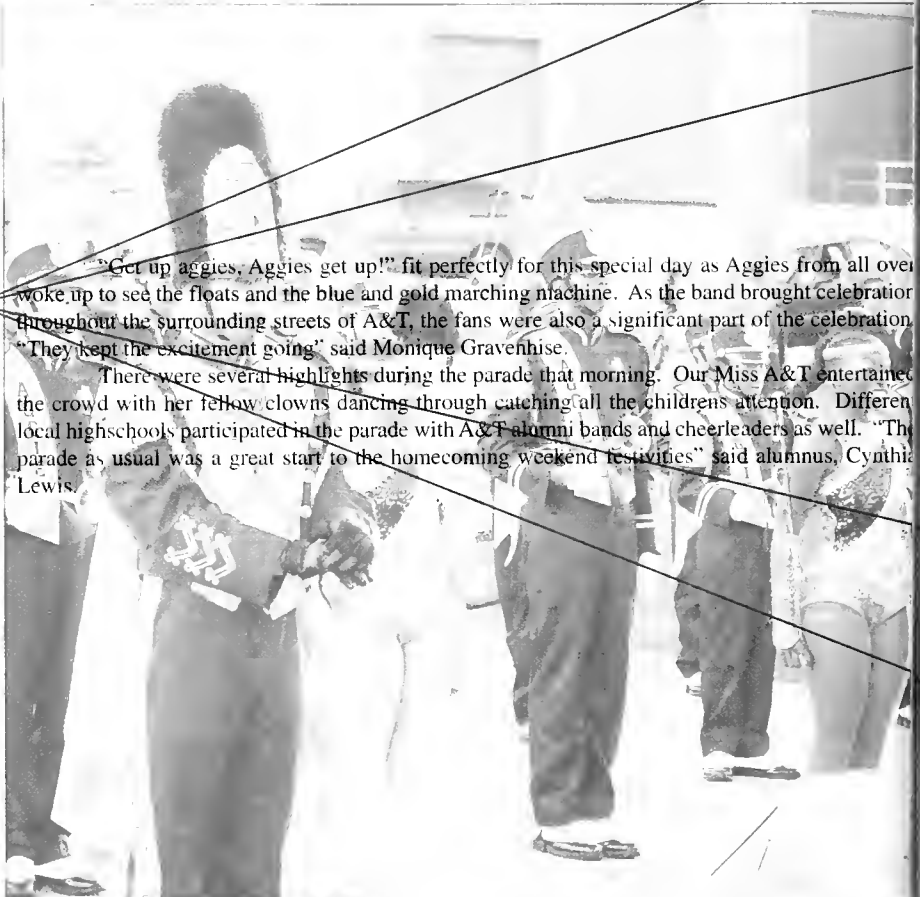

Spreading the Spirit

"Get up aggies, Aggies get up!" fit perfectly for this special day as Aggies from all over woke up to see the floats and the blue and gold marching machine. As the band brought celebration throughout the surrounding streets of A&T, the fans were also a significant part of the celebration. "They kept the excitement going" said Monique Gravenhise.

There were several highlights during the parade that morning. Our Miss A&T entertained the crowd with her fellow clowns dancing through catching all the childrens attention. Different local highschools participated in the parade with A&T alumni bands and cheerleaders as well. "The parade as usual was a great start to the homecoming weekend festivities" said alumnus, Cynthia Lewis.

Miss A&T and her royal court wave and smile to the early risers of the parade.

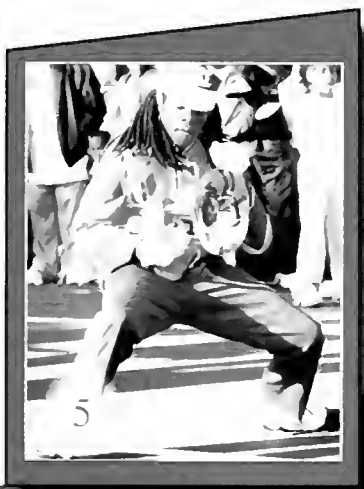

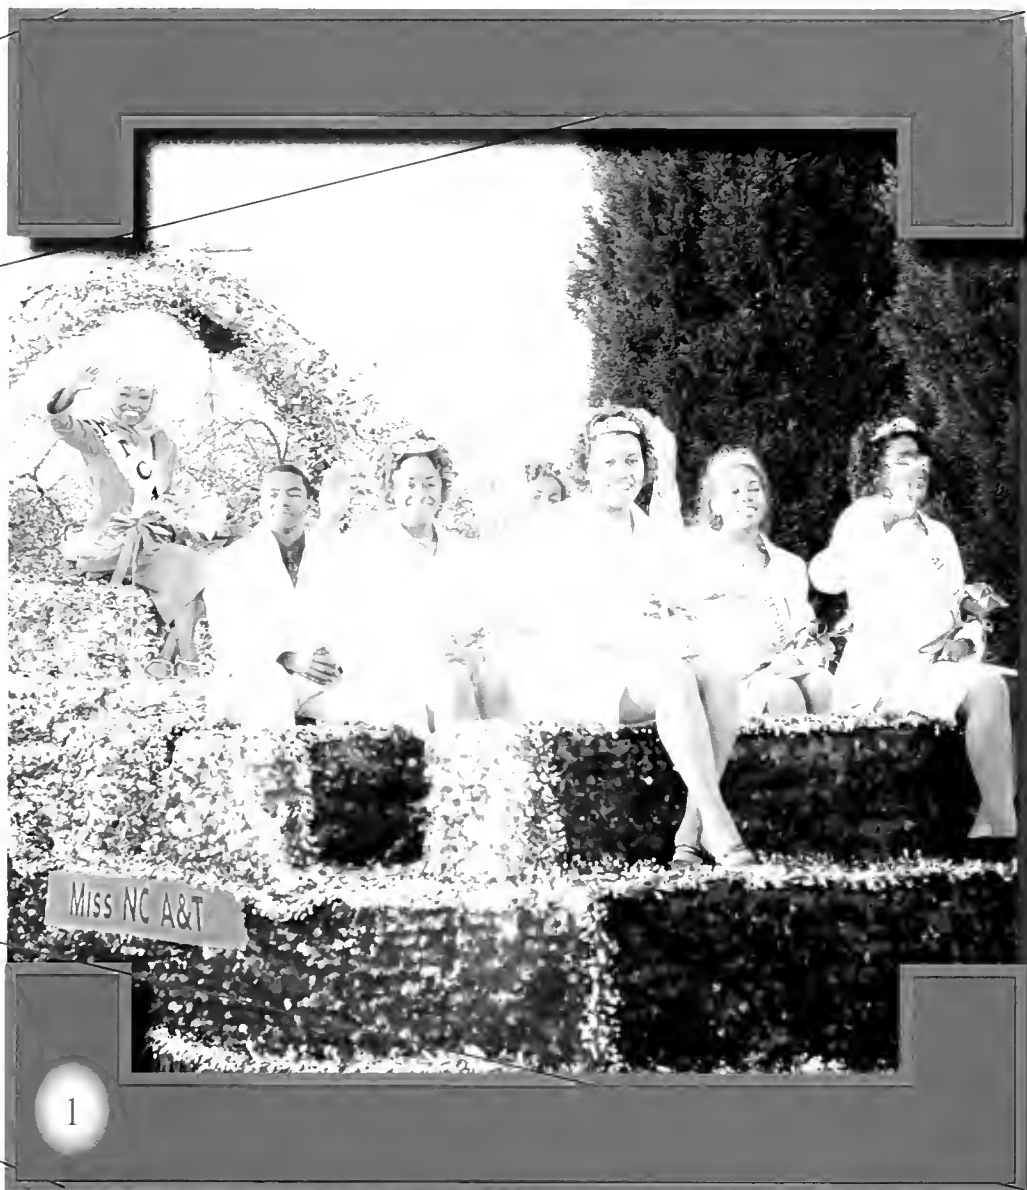

Miss and Mr. YTC smile for the camera.

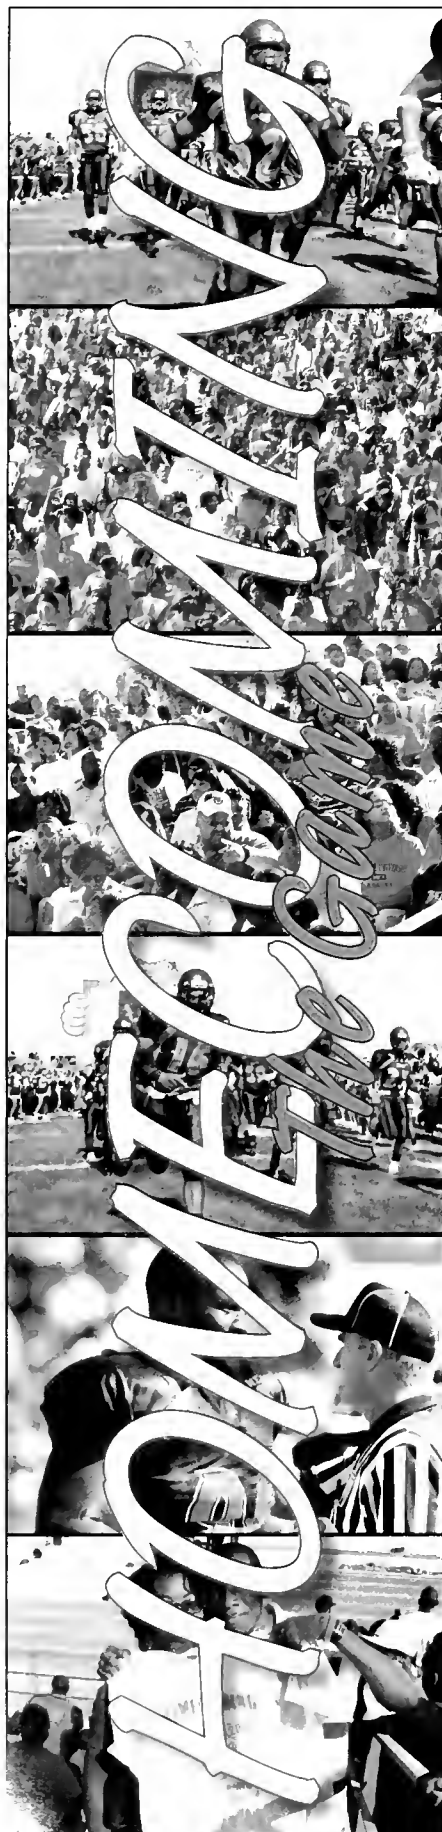

Little future aggies join in on our festivities.

Mr. & Mrs. Remick show us how to display true "Aggie Pride".

Carver highschool marching band represent how they like to "get down" with the best!

The S.G.A.E. board stroll through the parade while observing the crowd.

The ROTC lead Aggie's, families, and fans as they take time out to honor the nation.

We're not going anywhere!

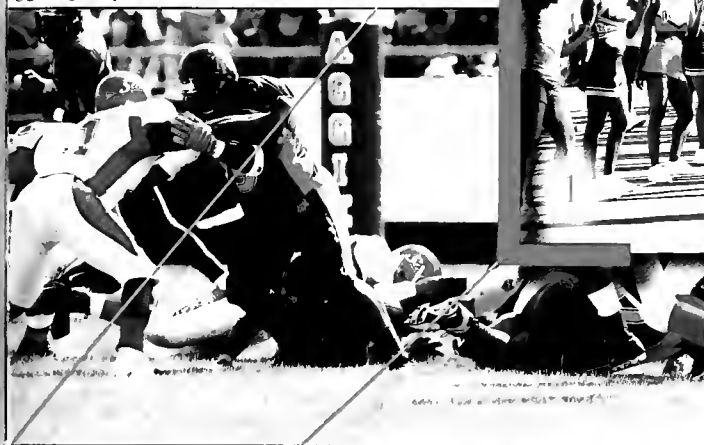

Aggies go for the touchdown as the Hornets try to stop them in the process.

Aggie's struggle for a first down as the Delaware State Hornets desperately try to stop them.

Get up Aggies! Aggies get up! Get up Aggies! Aggies get up!"

Blue and Gold Squad merge together as one to pump the crowd up.

"Go! Go Aggies! Hey Hey! Go Aggies. Go Aggies, Go Aggies. Go!"

Getting hype after referee declares turnover.

Aggie fans keep it live in the stands, sporting blue and gold.

What they do A&T? They drop it like it's hot! Students, faculty, alumni, friends, and family gathered together in excitement at the Aggie Stadium to watch A&T's own all star football team take on the Delaware State Hornets. The crowd showed much love in the stands as the Aggie's scored a touchdown. For freshmen Brandon Thomas, "The homecoming game had a lot of team spirit, and even though we lost I was glad to experience my first homecoming, and so many different Aggies from so many different places."

It was that good ol' AGGIE PRIDE that set it off. Fans were dancing, singing, and just hype as the Blue and Gold Marching Machine put on a real A&T halftime performance that kept the crowd on their feet. The Aggie Stadium was lit up with blue and gold capturing the essence of school spirit. Aggie fans proved that they never back down they fight to the very end.

Alumni and family watch the game to see what tricks the Aggies have up there sleeve.

Homecoming

Pep Rally & Soul Cafe

"Lord I Worship You Because of Who You Are" was the opening song at this years worship service held at the Sheraton Hotel. The room was filled with alumni and students as praises to God were lifted up through song and testimony. The spirit of God was truly in the building and everyone was truly glad to worship together. Reverend Lisa P. Caldwell spoke God's word at the worship service. Ron Jones director of A&T Gospel Choir stated, "The word spoken today was very uplifting and I was really touched, this has been one of the best worship services I have been to in a long time."

The Lord allowed the Holy Spirit to move through out of service. As the Gospel Choir sung many of the people in the audience began to lift their hands and worship God for the blessings he has given them. "There was such a powerful presence of God there it was truly amazing", said Troy Burney.

NO SPARES, JUST STRIKES

Some really think that bowling is just a leisure recreational activity. STRIKE! - That is not the case all of the time. The North Carolina A&T Aggie Bowling team is one of the most recognized teams in the MEAC conference. Our team participates in many conferences and games. Like any other season, this team has pulled together to become what they are today. This season, the Aggies placed second in the Lady Indian Classic over many other schools such as Vanderbilt and Minnesota. Here Senior, Hilary Cox is to bring this honor

back to Greensboro by knocking down 196.43 pins. They brought with them an overall 4-6 record back to North Carolina. When asked, the bowling team said one must be focused and be skilled at it, just like any other sport. And no, these ladies do not just wake up and ride on the buses to the tournaments, but they practice and show their skills in order to become better in what they do.

LOVE IS IN THE AIR

Tennis is a sport that gives players a chance to face their opponents and compete indirectly. In order to excel in the sport, it takes a lot of dedication and requires a lot of work. Although a net divides the court between two players, the intensity cannot be contained. Excellence has been demonstrated on many different levels of both the Men's and Women's teams. Not only are these players incredible athletes and leaders, but they are also excellent students. The men accumulated an overall record of 6-18 and 6-4 for the overall MEAC record. Seniors Damon Martin and Porter Myrick definitely made an impact on the season and made great partners. The two won 12 doubles matches this season. Martin also made history, as he became the first Aggie to earn multiple first-team All-MEAC honors. This marked his second straight season to earn the honor. His overall MEAC record this season

was 7-1. Although this will be Martin's last season in the tennis program, the family legacy will go on. Martin's two younger twin brothers Jeremy and Jared are also on the men's team; as well as cousin freshman Porche Martin on the Women's team.

And the women's team also took their success further than the tennis court. Top female singles player Kathryn Jackson was named Female Academic Athlete of the year in 2005. Shannon Pittman, Tracy Ross, Christina Ruffin, and Terika Palmer were named Student Athlete Honorees. The three players received the honor for maintaining a 3.0 or above cumulative grade point average. The women ended a season with an overall record of 5-15. They hold an overall MEAC record of 5-5.

TOUCHDOWN TO SOLID GOLD

Everyone seems to think that football is just for the fame and glory, well it is not! Did you know that many schools often hold football camps during the summer and they also begin there season in the spring? They begin their season in the spring in order to prepare for the fall. The football camp is viewed as a commencement to the season, but it takes a lot of hard work and dedication to endure the season. To us fans, it may seem easy to just look at the players and to say that football is easy, the only thing that you have to do is to run very fast and make sure that you do not get tackled by the opponent. It is not that easy ladies and gentleman. Our hats go off to these men. The Aggie football team has worked very hard, although it may not reflect in the scores and the statistics sometimes. During the numerous practices and drills, they strategically learn the game of football and plays in order to

stop their opponent. Our football team has not only had to deal with the pressure of winning and meeting goals set by coaches, the team has also had to manage change. This season, Ms. DeLores Todd, the Aggie Athletics Director named a new football coach by the name of Mr. Lee Fobbs Jr. She said that she wanted to take this team in another direction. One attempt that she made was to make sure that Aggie families and friends wore "Solid Gold" to football games and other sporting events. What drives our Aggies to the field day after day and night after night for practice and game is their genuine love for the game of football. The sweat and tears are not in vain, but here in Aggieland we are behind these men all the way. If we Aggies think that we are made of "Solid Gold", then everything that we say and do is gold.

Defense, Defense. Players team up against the opponent team.

Aggie Dog and player unite to celebrate the blue and gold state of mind!

CAN'T KEEP A GOOD MAN DOWN

Basketball is a sport that requires a lot of physical endurance and an abundance of teamwork. It is very easy to get caught up in the hype of the NBA and give credit to a star player, but it is the actual support and work of the team that wins games. And when it comes to Aggie Basketball, it is not any different. The Men's Basketball team has an overall record of 6-23 for the 2006

season. The first win of the season was the nationally televised game against Bethune Cookman, one of the three televised HBCU games that were aired in honor of Martin Luther King, Jr. day. The men have an average of 61.7 points per game. The team was led head coach Jerry Eaves. The 2006 season marks his 3rd season at the university.

AGGIE [Swimming]

Swimmers prepare for take off!

After the gun goes off, the race begins.

SEASON
2005

Swimmer using the butterfly technique during a race.

Wearing a cap with the A & T logo reminds the crowd of which school is being best represented.

RIPPLING AHEAD

READY! SET! GO! While many of us are just turning over in the middle of the night in our sleep, there are a group of energized women who get up bright and early on some mornings and take a dive! You might ask, "Take a dive where?" The answer to that question is in the pool. The Aggie swim team is comprised of a group of women who have a passion and drive for being in the water. Many may think that swimming is easy. Yes, you may know how to swim, but do you have what it takes to be an Aggie swimmer? Do you have what it takes to do something over and over until you get it right? Then maybe you have what it takes to be a part of the Aggie swimming team. When one swimmer was asked what

gets her through practices and meets, she said that it is her ability to visualize. Her ability to visualize aids her in practice because she can see herself in her mind executing the techniques given by her coaches. In her meets she always visualizes herself placing in first at her meets. When she is in a meet and preparing to take off, she has created what is known to some as "tunnel vision." She said that if she sees herself doing it then she knows that she has what it takes to place first.

This year's team was filled with many seniors. And these seniors were some of the front runners. Will the Aggie team have what it takes to replace these individuals to remain at the top of the MEAC conference?

OUT OF THIS WORLD

Aggie Baseball is the new "go-to" sporting activity to attend. Last year our Aggies brought home the MEAC Championship which triggered the Aggie Mania theme through out campus. Our baseball team is full of well diverse young men who exemplify the true meaning of champions. They are so talented that some have been

drafted to play in the Major Leagues. The baseball team had several pitchers who delivered strikeouts and led their team to several tournament wins.

2005- 1st place co-ed, 1st place overall

Cheerleaders dance to the music of the pep band during a basketball game!

Cheerleader Kellie Fletcher cheers hard during one hot football game!

CHEERING FOR GREATNESS

The Aggie cheerleaders have the best cheers and are very dedicated. Getting the crowd to have that Aggie Pride at every game is their responsibility and they know how to get the job done. When the team is a point or two behind and they need that extra boost of confidence they can always count on the cheerleading squad. They do their cheers with perfect movements and they are always smiling. All of their hard work and long hours of practice really pay off when it's time to get on the field or court, but this cheerleading squad doesn't just motivate on

the field and court, they give great peer support too. Our Aggie Cheerleaders finished first place at the 2006 Mid-Eastern Athletic Conference Coca-Cola Championship, despite a coaching change near mid-season. When they put on that blue and gold uniform they have a different state of mind. From every toe touch to every tumble this is definitely the cheerleading squad to have. With their infamous cheer Go, Go Aggies Hey Hey! This is always a great cheer to get the crowd hype that never fails and that is why we love our Aggie Cheerleaders!

2005 ENSHRINEES

N.C. A & T STATE UNIVERSITY

SPORTS HALL OF FAME

EDUCATIONAL FOUNDATION, INC.

Robert Bryant, better known as "High Pockets" lettered in all four years (1959-1963) of his participation as an Aggie baseball player. During that period of time he was voted three times all CCAA.

He led the team in batting average for two years and was twice conference runner-up. During his playing

years, he led the team two championships in which they were awarded "blazers and jackets." He also won the highly coveted "Ralph Johns" Most Valuable Player Award. High Pockets was a very talented athlete. While serving in the United States Army he made the All-European USA Basketball Team. The mayor of Kinston, North Carolina stated that over the years, Mr. Bryant has demonstrated his leadership and ability to motivate others and helped to improve the quality of life for the citizens of Kinston and Lenoir County where he presently resides with his wife Mildred. They have one daughter, Pamela Williams.

Joe Bloomfield, or Bloom, as his friends and teammates call him, came to NC A&T as an offensive guard in 1973. There was an abundance of guards and a shortage of centers at that time. His position was switched to center where he finally worked his way into the starting line-up during the fourth game of his freshman year. From that point until graduation, three and a half years later he was the starting center. He started in

33 straight games, was the long snapper for punts, field goals and extra points. He was also a starter on the kickoff and receiving teams. He earned honorable mention for the All-MEAC team in 1975. He was elected Co-Captain in 1976 and made second team All-MEAC the same year. While at A&T, Joe was a Dean's List student. He was awarded a semester and summer internship with the Federal Aviation Administration in Greensboro while matriculating at A&T. After graduation, he played two years of semi-pro football with the Carolina Chargers of the American Football Association. Joe has worked with numerous charitable and community causes and organizations. He currently serves as President of the Charlotte Metro Aggie Club where he is an avid organizer and fundraiser for A&T Athletics. He and his wife Janet have two children, Joselyn and Jasmine.

Henry was an outstanding baseball player from 1964 to 1967. He played second base and was the lead off batter. Henry constantly found a way to get on base. Once on base he was always a threat to steal second or third. He was highly proficient at bunting to get

on base as well as moving runners to scoring position. In 1966, he was voted the Most Valuable Player and in 1967 he won the Most Outstanding Player trophy.

While in school, Henry took his studies very seriously, making the Dean's List several times. He received many certificates of recognition, special achievement awards and letters of commendation for the United States Postal Service. He also was volunteers for the National Cancer Society, national Diabetes Association and is a charter member of the N.C. A&T State University Alumni Association in Charleston, South Carolina. He and his wife Gail have one child, Keli.

Lonnie was one of the most electrifying, crowd pleasing punt and kick-off return men in the long history of great aggie runners. As a member of the Aggie football team from 1977-1982, he excelled at his position as half back. Lonnie had great speed and agility that allowed him to be a game breaker on any given play. In 1977, Lonnie was named All- MEAC as a return special-

ist and, 1978 proved to be his banner year. Lonnie finished in the top five of the I-AA Division as a kick of return specialist. He also led the MEAC with the highest kick-off return average. He was voted the team's Offensive Player of the Year and was twice named the MEAC Offensive Player of the week. Lonnie went on to play professional football in the World Football League. Following his time in the WFL, he returned to his home in Charlotte, North Carolina where he coached several sports, volunteered at the homeless shelters and tutored low achieving students. Additionally he worked with community and group homes servicing disturbed children and adults. He and his wife Monica have three children, Lonica, Melissa and Mariah.

Aggie boxers won the CIAA championships in 1954 and 1955. Robert G. Reid was a member of the championship team and box for the Aggies from 1952-1954. Reid won

the Senior Welterweight Championship at 156 pounds. He was also a member of the A&T football team. In December 1955 the CIAA Conference voted to drop the sport of boxing as its member institutions because the sport was deemed too violent.

Since leaving A&T, Reid's achievements and awards have been numerous. He was elected Mayor for five terms in Middletown, Pennsylvania's Teacher of the Year in 1984. Robert has been appointed to many Boards and Commissions locally and by the Governor of his state. He received the Daughters of the American (DAR) Honor Medal. Additionally, he was bestowed the honor of an elementary school in Middletown, PA which is named after him, The Robert G. Reid Elementary School. He and his wife Priscilla have three children, Bobbi, Randolph and Eric.

60th Anniversary Gala

A Farewell to
Chancellor James C. Renick

The gala, "A Farewell to Chancellor James C. Renick," honors North Carolina Agricultural and Technical State University's leader for his outstanding contributions to the university and community.

The foundation has been in existence for 60 years, and after learning that the chancellor was leaving, the university honored him for the fine services he has rendered to North Carolina A&T for the last seven years. This 60th anniversary gala is a great opportunity to reflect on the foundation's past and its successes. Renick's recognition is well-deserved, because through his vision and leadership, A&T has reached a new level in the hierarchy of universities throughout the country.

North Carolina Agricultural and Technical University's rich history dates back over 100 years. In 1915 state legislators changed the college name to The Agricultural and Technical College of North Carolina and then in 1967, elevated its status to university. N.C. A&T became a constituent university of The University of North Carolina in 1972. Since its inception in 1891, North Carolina Agricultural and Technical State University has maintained a tradition of excellence in education.

Under the helm of Dr. James C. Renick, the university continues to thrive as it sustains its rich legacy. Over the years North Carolina Agricultural and Technical State University has seen many changes such as the replacement of Scott A, B and C today being known as "The Village." Changes continue to be made on buildings and new ones are being built everyday here at North Carolina Agriculture and Technical State University.

"What a Year"

First year here, last year here, their will is here
and so is their way.

The land so beautiful, the land so prominent,
only with help from the sun's ray.

Through hard work, through rewards, they
make it through even when some stray.

Challenges come, challenges go, they make it
through before May.

Then love arrives, love stays, they make it
through the dawn of day.

Remember love is here in AggieLand so don't
forget home because home is where you can
always stay.

YEARBOOK STAFF

Photo Yearbook Staff

ANTEE

Denise Iverson-Payne, Advisor; Desmond Sharpe, Assistant Advisor; Lynn McIntosh, Patricia Brown

The **yearbook staff** has been a phenomenal group. We started out with a **BIG** staff, but it reduced just a bit to our true dedicated individuals.

Chrystal, where would we be without your strong voice and your managing the office? Tamyia, where would we be without your ability to write copy and captions to make a deadline? Amanda A., where would we be without your strong stories? Ashley, where would we be without your assistance in heading the copy team? Tur'rayn, where would we be without you being so multi-talented? Tish, where would we be without your beautiful and unique designs? Leslie, where would we be without you taking all those *pictures*? Cita, where would we be if you didn't cover Homecoming events? Brandlyn, where would we be without you learning the camera and knowing when to use it? L'queitah, where would we be without you questioning important topics? Shawnise, where would we be without you writing good captions? Cheylania, where would we be without you stepping up at the last minute and getting some stories written? **Dominique, where would we be without your constructive criticism?** Amanda B., where would we be without you understanding the ladder and perfecting the layout?

With this team, Capture the Experience would not be possible. Special thanks to **everyone** who had anything to do with **AYANTEE** this school year. You've Captured the Experience, so know, live it. The Experience is in **you!**

AYANTEE

YEARBOOK STAFF
2005-2006

Amanda Anderson
Editor

AMANDA: The best thing I have gained from being a part of the yearbook staff is the experience that I have gained from contributing to the completion of the yearbook. AYANTEE Yearbook has been very beneficial to me because it provides me with the necessary experience I need to succeed in my career. Although I enjoy writing, being a part of the yearbook gave me a chance to enhance my writing skills while working cohesively with others. In addition to developing more skills in writing, I have also met some great people.

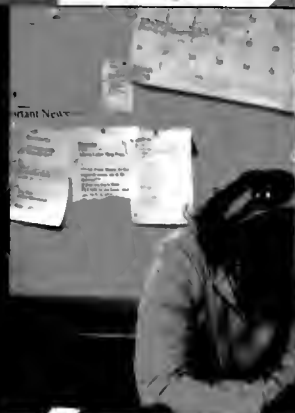

CHRYSTAL: I personally love AYANTEE and I love my position as office manager. My parents have always taught me to do what is right, not what you see everyone else do. We have had several ups and downs with this year's staff. Just as with any other things, there are always going to be challenges and those who are slackers, but we did what we had to do to complete this yearbook.

CHRYSTAL: My experience as an AYANTEE staff member has been very unpredictable.

Chrystal Davis
Office Manager

AYANTEE Yearbook has been a big part of my college experience. Not only did I get to sharpen my skills, but I've learned so much through the process. Whether times were shaky or shaky, the love I have for yearbook always kept me going. If it wasn't for God, my loving family, Mrs. P.P. Chrystal, my friends, and I, I would hate to think how AYANTEE would have been. My job title involves the responsibility of knowing what comes in every page of the yearbook; from the grammar to the photos used. But this year's responsibility was greater. I had to step up to the plate and become that being a leader of any flock is never easy. I love this staff. It's a group of girls and one guy who every body should get to know. They have a lot to offer while recording our school's history. I am deeply appreciative of the work that my staff, Tish and Tashay put forth this year. Coming into the office and seeing work that no one else had ever done was overwhelming. I love it. These two individuals are wonderful, talented people. Keep up the good work! To the rest of the AYANTEE Staff, you hung in there till the end and next will be proud of you for years to come.

Amanda Bozeman
Layout

TISH: I would not say that I have any hard assignments; I would say that I have had some challenging ones though. I love designing and working with a group of people that all have the same goal in mind. In some cases, I look forward to the ups, downs and the challenges this job requires.

TISH: To me Ayantee Yearbook describes a group of individuals who use publication as the source of recording and collecting the history of the University.

To produce requires dedication, commitment, devotion, and a passion for ones' composition. To produce a university yearbook requires so much more, such as creative, imagination, and the capability to see things for what they can be instead of what they really are. Ayantee Yearbook has allowed me to express my ingenuity not only through layout design, but as well as photography. I have taken pleasure in working with my fellow staff members and I have gained as well as intensely strong friendship bonds with my staff members. Through Ayantee yearbook I have not only grow closer relationships with the staff members, but as well as students, faculty, and administration. I have greatly benefited from Ayantee Yearbook back socially, resourcefully, and creatively. I deeply enjoyed devoting my time to Ayantee Yearbook this year, and look forward to doing it again in the future.

This year at Ayantee was one to remember. Although at times a little frustrating the overall experience was great. I've learned to work with others and Tur'royn is the best guy in the world to put up with all these girls. The best experience would have to be that we're apart of N.C A&T history and it doesn't get any better than that.

The most bizarre moment was when we had a friendly critter and everyone was jumping on chairs and desk tops trying to get away.

Tur'royn Sharpe
Layout/Photography

LaQuetta Miller
Copy

Ashley Shephard
Copy Editor

ASHLEY: While serving on the Ayantee staff, I enhanced the skills that I developed as a young woman such as learning to work with strong but different personalities.

My experience as a member of the Ayantee Yearbook has definitely been a learning process. This will be the second yearbook that I helped produce for North Carolina A&T State University. The work never stopped and it wasn't always easy but with no question, business was handled and the work got done. We have been through many changes that have been positive and negative for this staff, but throughout everything from changes in leadership, I can honestly say that we have produced the best yearbook present for the 2005-2006 school year. I'm proud that I was able to share my journalism abilities as well as my creativity with Ayantee!

Leslie Griffin
Photography Editor

Tamya Turner
Copy

TAMYA: I am proud of all the work that I have contributed to the yearbook this year. It's not possible for me to choose just one, but something else that I am proud of would have to be all the time that I contributed, the hard work and late hours really paid off. I really enjoyed working with the yearbook staff this year. I am glad that I was able to meet some beautiful people inside and out. I appreciate everyone for the good times and the bad ones, mainly the bond which made our friendships stronger. It was a great experience getting to work on the yearbook and I am proud about the final product. This year's yearbook is amazing and it should be the 6th edition and our challenge is keeping it from us. When I think back I treasure each moment that was spent with the staff especially during the summer and I appreciate being given the opportunity to be apart of history!

"We Thank You!"

"We Thank You!"

Capture the Experience, Volume 60 of the North Carolina Agricultural & Technical State University AYANTEE was printed by the Jostens Yearbook Printing and Publishing Company, 2505 Empire Drive, Winston Salem, NC 27103-6709.

The theme was created by the AYANTEE Yearbook Staff.

The front endsheets were created by Tonya V. Stallings of TSW Designs with the assistance of the 2005 AYANTEE Yearbook Staff. The back endsheets were created by Amanda M. Bazemore, Layout Editor.

The cover was originally created by Steven L. Cole, 2005 Editor-in-Chief. It was enhanced by Desmond Sharpe and Tur'rayn Sharpe.

Senior and Underclassmen portraits, Organization Photos, the Homecoming Game, and the Homecoming Coronation were taken by Strawbridge Studios, Inc., P.O. Box 3005, Durham, NC 27715. Strawbridge Studios are contracted by North Carolina A&T State University to be the official photographer for the 2006 AYANTEE.

The AYANTEE photography staff took all photos. Photos were taken by a variety of cameras and lenses manufactured by Nikon and Konica Minolta. They include DiMAGE S414, DiMAGE Z3, and Nikon D70. Charles Watkins, the University Photographer took sports pictures and Brian Holloway supplied them. All images are the exclusive property of the AYANTEE and may not be reproduced without prior written consent.

All sections and designs were created by the talented Layout Staff: Latisha Coleman, Tur'rayn Sharpe, and Amanda M. Bazemore. Designs were overseen by Desmond Sharpe. Every page was edited by Amanda M. Bazemore. All designs were created using Adobe InDesign CS, Yeartech Publishing Software, and Adobe Photoshop 7.0.

The copy was written by the Copy Team: Amanda Anderson, Chrystal Davis, Tamyia Turner, Ashley Shepherd, Copy Editor along with the help of the AYANTEE Staff. All stories were typed in Microsoft Word and Microsoft Excel. All body copy and captions were Times, 10 points respectively.

All production were used on an IBM, DELL, Compaq, and Hp computer.

HURRICANES

HIT HOME

KATRINA

August 29, 2005

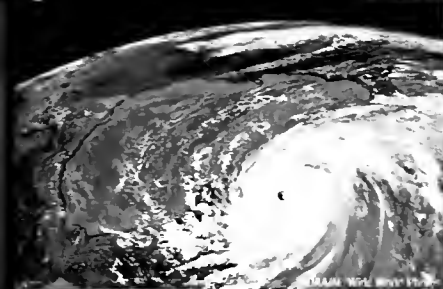

RITA

September 22, 2005

WILMA

October 24, 2005

Hurricanes ravage the Gulf Coast region in the fall of 2005, posing an unprecedented test of the United States federal emergency response efforts. Hundreds of lives are lost and thousands are left homeless in the wake of Category 4 Hurricane Katrina, followed by Rita and Wilma. The tragedy spurs contributions of money, talents, homes, food and more in an attempt to raise spirits and rebuild the area.

- 25 Hurricane Katrina strikes Florida.
- 28 Mandatory evacuation of both New Orleans and Mississippi is ordered as Katrina becomes a Category 5 storm in the Gulf of Mexico.
- 29 Downgraded to a Category 4 storm, Katrina hits land. 1.3 million homes and businesses lose electricity in Louisiana, Mississippi and Alabama. 30 levees are breached, flooding New Orleans and leaving 100,000 people stranded. After slow government response, civil unrest and looting begins.
- 31 President Bush surveys the damage.

- 1 30,000 National Guard troops are deployed. Gas prices spike to as high as \$5 per gallon.
- 2 President Bush visits Louisiana and signs a \$10.5 billion relief bill. Nearly 154,000 evacuees arrive in Texas.
- 4 The New Orleans Superdome is evacuated.
- 6 President Bush and Congress pledge to investigate the flawed disaster response.
- 9 Government-issued debit cards are distributed to evacuees. The program fails and is ended days later.
- 12 Michael Brown, head of the Federal Emergency Management Agency, resigns. Flooding is down to 50 percent in New Orleans.
- 14 New Orleans Mayor Ray Nagin announces a phased repopulation plan.
- 15 New Orleans begins to reopen. Katrina is named the most destructive hurricane in U.S. history.
- 20 Louisiana Governor Kathleen Blanco declares a state of emergency as Hurricane Rita strengthens off the coast.
- 22 Rita hits the Louisiana coast and heads for Texas.
- 23 Thousands evacuate eastern Texas and the 9th Ward of New Orleans floods once again after levees are overrun.

- 24 Hurricane Wilma hits southwest Florida.

Thousands of Louisiana evacuees receive shelter and medical care in the Astrodome in Houston, Texas.

Andres Ballesteros/AP/Wide World Photos

Louisiana Governor Kathleen Blanco, President Bush and New Orleans Mayor Ray Nagin survey the damage in New Orleans.

Many animals left behind during evacuation are rescued and given shelter or reunited with their owners.

Homes across the country are opened to families left homeless in the wake of Hurricane Katrina.

Thousands of volunteers help Habitat for Humanity rebuild homes in Louisiana, Mississippi and Alabama.

Three months after Katrina strikes, the first New Orleans public school reopens on November 28.

05-06 Front Page Headlines

▼ On October 15, Iraqi voters ratify a U.S.-supported draft constitution that establishes a federal state. A second election, in December, creates the new government's first parliament.

▲ Several airlines declare bankruptcy due to huge fuel, labor and security costs. Passengers see fees for pillows, aisle seats and more as carriers seek new revenue sources.

▲ During rush hour on July 7, London is hit by terrorist attacks. Bombs strike one bus as well as the city's underground trains, leaving 56 people dead and 700 injured.

▲ John G. Roberts Jr. becomes the 17th Chief Justice of the United States Supreme Court following the death of William Rehnquist.

▲ Violence in Iraq continues to cost lives. Since the war began in March 2003, over 27,700 Iraqi civilians and 2,300 coalition troops have died.

▲ Gasoline prices surge in September before falling back to pre-hurricane levels. Major oil companies face federal questioning after revealing profits of over \$35 billion during this period.

► A devastating 7.6-magnitude earthquake hits the Kashmir region of Pakistan in October, killing 87,000 and leaving 3.5 million homeless.

▲ In January 2006, Ellen Johnson-Sirleaf is sworn in as Liberia's president, making her Africa's first elected female leader.

▲ Vice President Dick Cheney's top aide I. Lewis "Scooter" Libby resigns after being indicted in October on criminal charges relating to the leaking of a CIA officer's identity.

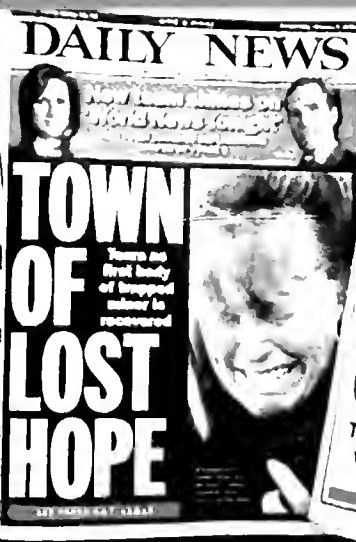

▲ Despite his years of anti-gang advocacy while in prison, on December 13, former Crips gang leader Stanley "Tookie" Williams is executed by lethal injection for four 1979 murders.

▲ Methamphetamine use becomes a national crisis as meth-related crimes skyrocket on the West Coast and in the Midwest. Pharmacies remove pseudophedrine products from shelves in an effort to control meth production.

▲ On January 2, 2006, an explosion at the Sago Mine in Talmansville, West Virginia, traps 13 miners 260 feet below the surface. Sadly, only one of the miners is pulled out alive.

▶ In October, former Iraqi dictator Saddam Hussein goes on trial in Baghdad, pleading innocent to the murder and torture charges against him.

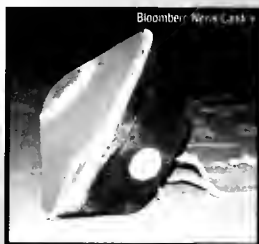

◀ Hoping to restart the peace process with the Palestinians, Israel evacuates the Gaza Strip, an area it has occupied since the 1967 Six-Day War.

▶ Civil unrest rocks France as more than 300 towns and suburbs explode with riots and arson. High unemployment, racial discrimination and rage are blamed for the outbreaks.

Science and Nature

▲ A global pandemic is feared as the avian flu claims 73 lives in Asia by the end of December and threatens to spread across the world.

▲ After seven years and 2.88 billion miles, NASA's Stardust capsule returns to earth carrying dust particles from the tail of the comet Wild 2. Scientists believe the samples hold clues to the formation of the Solar System.

▲ The American Dental Association cites bottled water and its lack of fluoride as a major contributing factor in the rise of tooth decay in children.

▲ According to recent research, chocolate can be a healthy treat thanks to its high content of flavonoids, which help maintain good circulation and reduce blood clotting.

Bogdan Cristei/Reuters, Contriv.

Bloomberg News/Landov

▲ A vaccine that may potentially fight recurring cancer cells is successfully tested on 14 breast cancer survivors. It is hailed as the first step toward preventing the disease.

Joey Cohen/National Geographic

▲ The Sichuan Wolong Panda Protection and Breed Center in China deals with a baby boom — 16 pandas, including five sets of twins, are born between July and November 2005.

▲ In August, U.S. astronaut Stephen Robinson successfully completes an unprecedented emergency repair of the space shuttle Discovery while in orbit.

NASA/TASS/Wide World Photos

▲ Hikers scaling Mount Mendel Glacier in California discover the remains of Leo Mustonen, a World War II airman whose plane crashed in 1942.

▲ U.S. scientist Gregory Olsen pays \$20 million for a trip to the International Space Station aboard the Russian Soyuz spacecraft.

▲ The ruins of what may be the oldest Christian church, built in the third or fourth century A.D., are discovered on the grounds of Megiddo Prison in northern Israel in November.

ROXY

▲ Shops that help you prepare meals to freeze, take home and cook offer a fun, quick and easy mealtime solution for busy moms.

▲ Pets receive the royal treatment with gourmet pet foods, available in upscale pet food shops, pet food bakeries and even ice cream parlors.

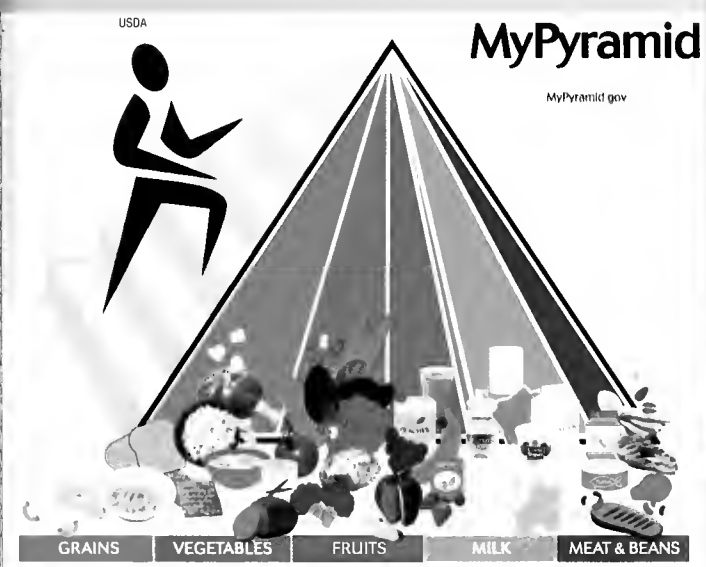

▲ Due to high gas prices, consumers opt for smaller cars with better gas mileage rather than gas-guzzling SUVs.

▼ The popularity of poker on television results in one of the biggest fads of the year — home Texas Hold 'Em tournaments.

Lifestyle

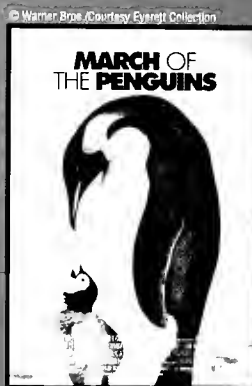

▲ Podcasts, free broadcast-format audio files published to the Internet and downloaded to iPods by subscription, are a hip way to keep up-to-date.

◀ The new food pyramid recommends that kids eat more fruits, vegetables and whole grains than in the past, and exercise 30 to 60 minutes each day.

▲ Blogs become the biggest Web craze since the inception of the Internet thanks to sites like Blogger.com and MySpace.com.

05-06

▲ Box-office profits fell 10% in 2005, due in part to the trend of movie fans opting for the quick release of hit movies on DVD.

▲ Geena Davis receives popular approval as television's first female President of the United States in one of the year's best new shows, ABC's "Commander in Chief."

▲ Based on the childhood of comedian Chris Rock, UPN's "Everybody Hates Chris" is a hit.

▲ Doctor "McDreamy" also known as Dr. Shepherd, and the rest of the staff at Seattle Grace Hospital achieve healthy ratings in ABC's "Grey's Anatomy."

05-06

▲ Viewers can't get enough of ABC's "Lost." The show earns a Golden Globe for Best TV Series Drama and spawns countless fan speculation sites.

▲ NBC finds a new hit comedy with the quirky story of a man in search of redemption, "My Name is Earl."

▲ Surprisingly high DVD sales influence FOX to bring back the formerly canceled cult favorite "Family Guy."

▲ America's No. 1 rated show for 2005 is the CBS crime drama "CSI: Crime Scene Investigation."

**2005 People's Choice Award
for Favorite Reality
Show Competition**

- "American Idol" (Fox)
- "Fear Factor" (CBS)
- "Survivor" (CBS)

05-06 Music

▲ With *Late Registration*, Kanye West maintains his status as hip-hop's top dog, landing on top of *Rolling Stone's* Top 50 Albums of 2005.

▲ Seattle indie favorites Death Cab for Cutie break into the mainstream with the album *Plans* and "Directions," a series of 12 short films.

▲ Reggaeton, which blends influences of hip-hop, Jamaican reggae and dancehall with Latin American bomba and plena, reaches its height in popularity in 2005.

▼ Green Day tops off a career year with seven MTV Video Music Awards, including Best Video of the Year for "Boulevard of Broken Dreams."

▲ Eight years after the death of former lead singer Michael Hutchence, Australian rock band INXS selects new frontman J.D. Fortune on the CBS show "Rock Star: INXS."

► University of Texas grad Cowboy Troy bursts onto the country scene with a new music genre, "hick-hop," which he proudly displays on his class ring.

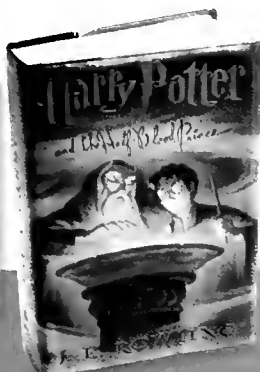

► Strong releases by Kelly Clarkson, Shakira, Mariah Carey and Gwen Stefani rule the music scene. Carey's *The Emancipation of Mimi* earns eight Grammy nominations and is the top-selling album of 2005.

▲ Nintendo DS owners can now be virtual dog owners as well, thanks to the wildly popular *Nintendogs* series.

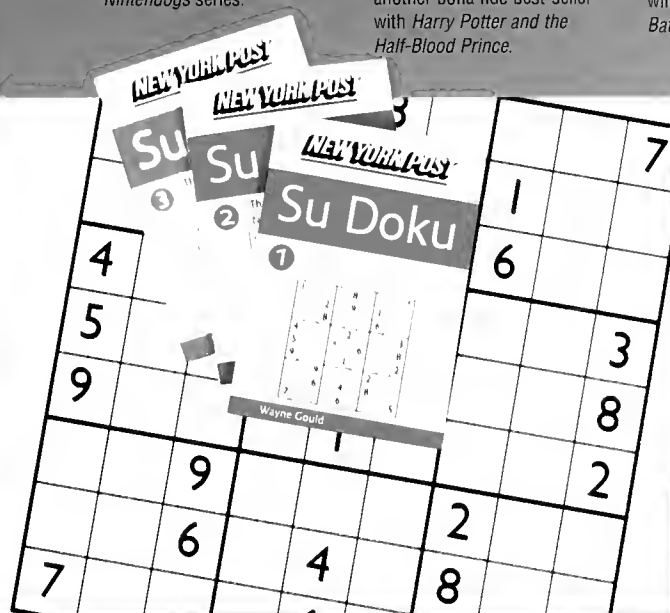

▲ J.K. Rowling releases yet another bona fide best-seller with *Harry Potter and the Half-Blood Prince*.

▲ The Star Wars franchise remains a juggernaut in the videogame industry with the winter release of *Star Wars: Battlefront II*.

Entertainment

▼ Gamers wait in line for hours to get their hands on the year's hottest holiday video game console, Microsoft's Xbox 360.

▲ The addictive numbers logic puzzle, Su Doku, captures the attention of crazed puzzlers across the nation.

◀ The classic game of 20 Questions gets a makeover for 2005 with the artificial intelligence powered 20Q, one of this year's hottest toys.

◀ Music videos and TV shows are accessible on the go with the newest must-have item from Apple, the iPod with video.

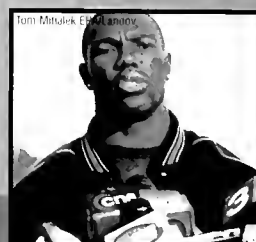

Sports

► In February 2006, figure skater Sasha Cohen leads the U.S. Olympic Team into the XX Olympic Winter Games in Torino, Italy.

► Maria Patricia Sanchez, a rare female tennis player, reaches her career-high ranking of No. 1 in the world and at the Indianapolis 500, where she finishes fourth.

► In June, the San Antonio Spurs win the 2005 NBA Championship over the Detroit Pistons in a thrilling seven-game Finals series. Spurs forward Tim Duncan wins MVP honors.

► The Pittsburgh Steelers win the Seattle Seahawks for a 21-10 victory in Super Bowl XL. Future Hall of Famer Jerome "The Bus" Bettis retires after the game.

► NHL hockey returns in fall 2005 after losing the entire '04-'05 season to a labor dispute. Fans flock to see players in new uniforms and exciting innovations like tie-breaking shootouts.

► Hawaiian golf phenom Michelle Wie turns professional on her 16th birthday and signs endorsement worth \$10 million, making her one of the highest paid female athletes in the world.
